

Your Pharmacy Vaccine Network

Protect yourself and loved ones by getting vaccinated.

To find a pharmacy that participates in the vaccine network, go to MyPrime.com and:

- 1 Log in to MyPrime.com and click *Find Pharmacies*.
- 2 Select “Prime Select Network” under *Choose your pharmacy network*.
- 3 Search for a pharmacy by ZIP code, state or city.

Vaccines can protect us from serious diseases and also prevent them from spreading.

Once you find a pharmacy, getting your vaccine is simple. Just show your Prime Therapeutics ID card and get your vaccine on-site. Some vaccines may have age limits or other requirements, and you may need to register ahead of time. Please contact the pharmacy to make sure these services are available, or if you have questions.

Covered vaccines*:

- Bacterial vaccine combinations
- Diphtheria-tetanus combinations (toxoids)
- Flu
- Haemophilus influenzae type B (HIB)
- Hepatitis A and B
- Hepatitis combinations
- Human papillomavirus (HPV)
- Measles, mumps, and rubella virus (MMR)
- Measles, mumps, rubella, and varicella (MMRV)
- Meningitis
- Pneumonia
- Polio
- Rabies
- Rotavirus
- Shingles
- Tetanus
- Varicella (chickenpox)

*Applies to plan members with Vaccination Network coverage. Check your benefit booklet to find out if you're covered.
