HARASSMENT (UMD)

Employee and Student Rights. The Employer and the Association agree that all employees of the Employer and students are entitled to freedom from harassment.

Definition. Harassment is here defined as:

(a) Sexual harassment is conduct involving unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature, and

(b) Nonsexual harassment is repeated or egregious conduct that is abusive or demeaning, when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or status as a student, or

2. submission to or rejection of such conduct by an individual is used as the basis for an employment decision or an educational decision affecting such individual, or

3. such conduct has the purpose or effect of substantially interfering with an individual's work performance or academic performance or creating an intimidating, hostile or offensive working or studying environment.

Some forms of nonsexual harassment may be discriminatory and, as such, may be subject to state and/or federal law and/or university policies.

(c) Sexual violence is an extreme form of sexual harassment involving physical violence against an individual. Such incidents may constitute criminal violations and are also a violation of the Agreement between the Employer and the Association.

Applicability. Section 103.000 shall apply to:

(a) conduct by an employee of the Employer who is not a Member or by a student which is directed at a Member, and

(b) conduct by a Member which is directed at another Member, at any other employee of the Employer or at a student.

Consenting Relationships. Because of the power differential inherent in relationships between a faculty member and a student, or between a faculty member and an employee supervised by that faculty member, the Employer and the Association agree that should a charge of sexual harassment, as defined in this agreement, be brought against a Member by a student, or by an employee supervised by the Member, assertions by the Member that mutual consent existed shall not constitute an acceptable prima facie defense of their actions.

(a) The enactment of laws for the governance of the University of Minnesota;

With respect to Members, the Employer agrees to implement all programs of affirmative action required by federal or state law, regulation, guideline or policy. The absence of such laws, regulations, guidelines or policies shall not relieve the Employer of its responsibility to promote actively the equality of opportunity for all Members.

Association Responsibility. The Association accepts its responsibility as exclusive representative and agrees to represent all Members without discrimination as to race, color, creed, religion, national origin, gender, marital status, physical or other disability, age, veteran's status, political belief or affiliation, membership or non-membership in any employee organization.

106.520 Provision of Counsel. In the event that any claim or action is brought against the Employer because of the Employer's act or omission which occurred while the Employer was implementing the provisions of this Section 106.000, the Association shall provide counsel and such other assistance as may be required to provide a defense to the Employer. The Association shall have the right to choose counsel and to determine the course of the defense.

107.000 FACULTY INDEMNIFICATION

107.100 Protection Described; Persons Covered. Subject to paragraphs 107.200 and 107.300 below, the Regents of the University of Minnesota shall defend, save harmless and indemnify any Member against any threatened, pending or completed action, suit or proceeding, direct or indirect, whether civil, criminal, administrative, derivative or investigative, whether groundless or otherwise, wherever brought, arising out of an alleged act or omission occurring during their period of employment if the Member was acting within the scope of their employment or official

107.200 Eligibility Criteria; Certain Conduct not Protected. To be eligible under this policy, a Member must have acted within the scope of their employment or official capacity, and, with respect to any criminal action or proceeding, the Member must have had no reasonable cause to believe their conduct was unlawful. There shall be no obligation either to defend or to indemnify in the event of malfeasance in office or willful or wanton neglect of duty or other actions. There shall also be no duty to defend or indemnify a Member with respect to an action brought by the Regents or their authorized representatives. Furthermore, this policy shall apply only in those cases where the Member seeking a defense and indemnification has given prompt written notice of the action, suit or proceeding to the Regents of the University of Minnesota, requested defense by the University and has provided complete disclosure and cooperation in the defense of the claim or demand.

107.300 Eligibility Determination. The determination of the eligibility of a Member to the protection described above shall be made by the President of the University after appropriate investigation. A determination of eligibility may include limitations or exceptions. The President shall make this determination in writing and provide a copy to the Member. The Member may grieve the President's determination of eligibility, and may initiate the grievance at Step Three.

107.400 Application of Law. The provisions of this section are in addition to and not in derogation of any other obligation, limitation, condition, notice provision, or restriction provided by law including, but not limited to, Minnesota Statute 3.372-736.

109.000 APPOINTMENT PAPERS

109.100 Reappointment. The Employer shall, except under unusual circumstances, provide each member with a notification that the notice of appointment is posted on the Employer’s internet/Web site. Such notification shall be provided to each Member at least one (1) month prior to the starting date of their appointment in each academic year if they have been appointed during a prior academic year and is to be reappointed. The Employer shall also provide a notice of any applicable changes in the Regents Policy on Faculty Tenure that took effect subsequent to the Member's most recent prior appointment.

109.200 Initial Appointment. The Employer shall provide each person whom it appoints to become a Member a notification that the notice of appointment is posted on the Employer’s internet/online web site. Such notification shall be provided within three weeks after the newly appointed person's appointment becomes final by formal administrative action and by action of the Regents or their designee. This notice of appointment form shall contain a statement that the Member's appointment is subject to the terms of this Agreement. Information on access to a copy of this Agreement, a copy of the Regents Policy on Faculty Tenure with explanation of applicability, and the 7.12 statement for the Member’s Department shall accompany the appointment notification.

110.000 WORK ASSIGNMENT

110.100 Intent of the Parties. The Employer shall not assign duties currently performed by Members to persons outside the Certified Unit for the purpose of reducing the size of the Certified Unit.
110.200 Changes in Work Assignment. The Employer may create new positions and assign to such positions or to existing positions some of the duties currently performed by Members. If this occurs, the Employer shall notify the Association at least thirty calendar days in advance so that the parties may discuss the rationale behind reassigning Certified Unit work and whether the new position should or should not be placed in the Certified Unit.

110.300 Bargaining Unit Clarification. If the parties disagree on whether the new position should be in the Certified Unit, the parties shall jointly submit the matter to the Bureau of Mediation Services for unit clarification in accordance with Bureau procedures.

111.000 GRADUATE STUDY

111.100 Eligibility. A Member, with the written agreement of their Principal Administrator, may pursue graduate degrees at any accredited institution which provides advanced degrees appropriate to the Member's respective field of specialization. If the Principal Administrator does not agree in writing, they shall state in writing to the Member their reasons for the refusal. Any Member who receives the Principal Administrator's written agreement to pursue a degree shall not be removed from their tenured or tenure track position during the period of time in which they have permission to pursue such degree.

111.200 Leave (UMD). If, in the opinion of the Principal Administrator, the Member's pursuing a graduate degree interferes with the Member's performing their duties to the Employer, the Member shall apply for uncompensated leave as provided in Section 640.000. Any Member taking an approved uncompensated leave to pursue a degree shall not be removed from their tenured or tenure track position.

111.300 Effect. If the Member is pursuing a graduate degree without leave, the time which elapses during such pursuit shall be included as part of the Member's probationary period, if any.

113.000 ACADEMIC FREEDOM AND RESPONSIBILITY (UMD)

113.100 No Limitation on Exposition of Subject. The Employer shall not impose any limitation upon a Member's freedom in the exposition of their own subject in the classroom or in addresses or publications. The Employer shall not place any restraint upon a Member's freedom in the choice of subjects for research and investigation undertaken on their own initiative. The Employer recognizes that each Member, when speaking or writing outside of the institution upon subjects beyond the scope of their own field of study, is entitled to the same freedom and is subject to the same responsibilities as attach to all other citizens but in added measure. Off the campus, Members enjoy the same rights as their fellow citizens to organize and join political associations and to express opinions.

113.200 Classroom Discussions Appropriate to Subject. No Member may claim as their right the privilege of discussing in their classroom controversial topics that are not pertinent to the course of study that is being pursued. A Member's mastery of their subject and their own scholarship are necessary qualifications for teaching. Each Member shall be responsible for their course of instruction, which responsibility includes a statement of course objectives and the means of fulfilling them. Thus, it is improper for a Member persistently and knowingly to intrude material which has no relation to the subject matter of their course or to fail to present the subject matter of their course. The Employer and the Association recognize that it is equally improper for those outside the University community to dictate what is to be taught.
113.300 **Academic Misconduct.** Academic misconduct for the purpose of this Section 113.300 shall mean the fabrication or falsification of data, research procedures, or data analysis; destruction of data for fraudulent purposes; plagiarism; abuse of confidentiality; or other fraudulent actions in proposing, conducting, reporting, or reviewing research or other scholarly activity. It is particularly important to distinguish academic misconduct from honest error and the ambiguities of interpretation that are inherent in the scientific and scholarly process but are normally corrected by further research.

113.310 **Procedures.** Investigation of any allegation of academic misconduct and/or consideration of discipline resulting from any such investigation shall follow the procedures set forth in Section 1000.000.

113.400 **Canceling Class or Other Activities.** Each Member shall have reasonable latitude to cancel a scheduled class or activity for reasons of presenting material more effectively or expressing the Member's conscience or conviction; but then, the Member has an obligation to arrange for a substitute or make-up instruction in a manner most convenient for all of their students.

113.500 **No Employer Responsibility for Members' Statements.** The Employer shall assume no responsibility for views expressed by Members; Members themselves shall, when necessary, make it clear that they are expressing only their personal opinions. A Member shall make reasonable effort to inform their listeners or readers that the opinions they expresses are their own, not those of the Employer.

113.600 **Student Access to Faculty.** A vital part of each Member's profession is their reasonable and ready accessibility to students since consultation with Members is not a student's privilege but every student's right.

114.000 **NEPOTISM (UMD)**

In selecting persons for employment, no restriction is placed on hiring persons related through affinity or consanguinity. However, conflict of interest must be avoided in making any employment related decision. This includes possible conflict of interest which may result from peer judgment, supervision or administrative review procedures. Especially, a Member shall not participate in making any employment related decision which would affect another Member to who they are related by blood, or is or has been related by marriage, or with whom they have, or have had, an intimate personal relationship.

A Member may disqualify themself from or/and may challenge the participation of another Member in an employment related decision on the basis of conflict of interest. If the challenged Member does not disqualify themself, the qualification will be determined by the Principal Administrator whose decision may be appealed through Step Two of Section 801.300.

201.000 **PERSONNEL POLICIES (UMD)**

201.100 **Definitions.**

201.110 **Academic Year.** "Academic Year" means the period which includes the fall, winter and spring academic quarters or fall and spring semesters during a single fiscal year.
201.130 **Year of Service.** "Year of Service" means employment during a single Academic Year which averages 67% or more of full-time employment during a single Academic Year.

201.200 **Rules of Construction.** The following rules shall apply in determining the rights of a Member under Section 201.000.

201.210 **Dual Titles.** If a Member is appointed to a "managerial" or "confidential" administrative position (as defined in Bureau of Mediation Services certification notice, May 22, 1981; and PELRA 179.03 subd. 4(a), (b)), the Member shall not be covered by this Agreement for the duration of the managerial or confidential administrative appointment.

If a Member is appointed to any position other than the above, outside of the Bargaining Unit, the Member shall retain their rights under this Agreement provided that faculty duties constitute more than 35% time.

201.220 **Tenure Residence.** If a Member with a Regular Appointment is assigned to an academic unit other than a department or a programmatic area or to more than one (1) department or programmatic area then, in either case, one (1) department, programmatic area or other academic unit consistent with 280.110 shall be designated by the Employer as the department or programmatic area where the Member's Indefinite Tenure resides in the case of a Member with Indefinite Tenure, or as the academic unit where the Member's Indefinite Tenure, if granted, shall reside in the case of a Member with a Probationary Appointment.

201.240 **Administrators.** If a Member is appointed to an administrative position, the administrative title and duties are distinct and severable from the appointment as a Member. Removal of a Member from an administrative position shall be at the discretion of the Employer.

201.250 **Corrections.** The Employer shall have the authority to correct clerical errors which appear in all documents which relate to Section 201.000.

201.260 **Computation of Years of Service.** For the purpose of computing the number of Years of Service, as that term is used in Section 201.130, exceptions shall be made for the reasons given in Sections 201.262, 201.264, and 201.266, with a collective maximum of three Years of Service eligible to be excluded. For these purposes, Years of Service need not be consecutive. However, if a period of employment during a single Academic Year does not constitute a Year of Service as defined in Section 201.130, it shall not be aggregated with other such periods of employment to comprise a Year of Service.

201.262 **Exception for Leave Without Pay or Working for Another Employer.** Periods of time during which a Member is on an approved leave without pay or is working directly for another employer shall be excluded in computing Years of Service.

201.264 **Exception for Parenthood.** For Members on a Probationary Appointment, one twelve-month period (year) will be excluded from the computation of Years of Service on the occasion of the birth of that Member's child or the adoptive placement of a child with that Member. Notification of the birth or adoptive placement of the child must be made in writing within one year of the event and no later than June 30 preceding the year a final decision would otherwise be made on an appointment with indefinite tenure for the Member. Whether the Member chooses to initiate the procedure for promotion and conferral of Indefinite Tenure (201.405) according to this modified computation OR according to their original Years of Service, the Member will be
evaluated according to the same standards as other Members of the department/programmatic area and will not be held to a higher standard.

201.265 **Definition of Domestic Partner.** For the purposes of Section 201.266, "domestic partner" shall be taken to mean a domestic partner of the same sex or of different sex.

201.266 **Exception for Medical Reasons.** A Member on a Probationary Appointment may request exclusion of one twelve-month period (year) from the computation of Years of Service for reasons related to the health of the Member or the Member's domestic partner, or the Member's children, or the parents of the Member or the Member's domestic partner. Exclusion of a year by this provision may occur no more than once. A Member wishing to use this provision shall submit a written application to the head of the department in which they are employed. The head shall forward the application to the Principal Administrator with a recommendation from the tenured Members of the department. The Principal Administrator shall notify the Member in writing of the Employer's approval or disapproval of the Member's request within thirty calendar days of receiving the Member's request. The Principal Administrator shall also identify to the Member, in writing, the reasons for the disapproval, if disapproved.

201.300 **Members on a Term Appointment.** Notwithstanding Section 002.164, the Employer may terminate a Term Appointment of any duration for cause at any time.

201.301 **Re-Appointment Notices for Members on Term Appointments.**

(1) Members on Term Appointments receiving a one (1) year appointment shall receive a notice of re-appointment no later than April 15.

(2) Members on Term Appointments who have been recommended and approved for a multiple year appointment, whether it is the Member’s first multiple year appointment or a subsequent multiple year appointment, shall receive a notice of re-appointment no later than January 15.

201.302 **Multiple Year Appointments for Members on Term Appointments.**

If the Member on a Term Appointment has met all of the eligibility criteria listed in item (1) and they have completed their dossier as described in item (2), the Member on a Term Appointment shall submit a multiple year appointment application to the appropriate Department Head.

Step 3 Review and Consideration
a. The Department Head shall review the application for completeness. The Department Head shall forward the application and any relevant information about enrollment, programmatic need, and student demand to the Principal Administrator by October 31 for the Principal Administrator's review and approval.

b. The Principal Administrator shall review the application along with the proposed collegiate funding and sustainability information for the appointment's duration.

c. The Principal Administrator, in consultation with the Department Head, shall determine whether the candidate's teaching is critical for programmatic delivery.

Step 4 Principal Administrator’s Decision
The decision to award a multiple year term appointment to a Member on a Term Appointment rests solely with the appropriate Principal Administrator and the Principal Administrator’s decision is final. The Principal Administrator may:

a) approve the Member on a Term Appointment for a multiple year appointment,

b) deny the multiple year appointment, or

c) defer a decision about a multiple year appointment to the next appointment year.

The Principal Administrator shall document their decision rationale, convey their decision to the Department Head and the Member on a Term Appointment, and retain all documentation of the decision in the Member on a Term Appointment's personnel file.
If a Member on a Term Appointment does not receive a multiple year appointment due to budgetary reasons, the Member may reapply by October 15 of the subsequent academic year by notifying the Principal Administrator in writing of their request for a multiple year term appointment following the renewal process as outlined in (5) b) below.

(4) The Principal Administrator’s decision for denial or deferral of any multiple year term appointment application is not grievable. The Member may bring a grievance alleging that the procedure for a Multiple Year Term Faculty Appointment described in this section 201.302 was not followed, except as otherwise provided in this Agreement.

Notwithstanding the process described here, the Employer may occasionally offer a Member or prospective Member on a Term Appointment a multiple year term appointment even in the absence of a formal application (e.g., for recruitment or retention purposes).

(5) Renewal Process for a Member on a Multiple Year Term Appointment.

The renewal process is intended to validate the viability of the initial Member on a Term Appointment's multiple year term appointment application. As such, the renewal process requirements shall confirm and update the original submission materials.

a) Requirements. Candidates for renewal of a multiple year term appointment must continue to meet or exceed all eligibility criteria noted in 201.302 (1). The merit reviews from the years following the initial multiple year appointment shall be evaluated to ensure that the Member on a multiple year term appointment demonstrates sustained positive performance. Because financial, staffing, and curricular needs of a given collegiate unit are dynamic and can shift over time, renewed consultations with appropriate administrators shall be required.

b) Steps. The renewal process follows the same sequence as the initial process discussed in 201.302 (3), with the following exceptions:

i. The candidate may use the original submission, simply providing any substantive updates to the contents.

ii. A new letter from the Department Head/Programmatic Area Director either validating the initial application and affirming the Department's continued support for a multiple year appointment or describing the rationale for a change in status to the multiple year appointment shall be placed in the Member on a Term Appointment's personnel file.

(6) Timeline for a Member on a Multiple Year Term Appointment.

When a multiple year term appointment for a Member on a Term Appointment is granted or renewed, it becomes effective after completion of the current appointment. The new or renewed multiple year term appointment shall not exceed three (3) years. In the unusual circumstance of a multiple year term appointment exceeding three (3) years, EVCAA prior approval is required.
(7) Limitations.
Consecutive multiple year appointments do not create a continuing right to receive
future term appointments of any length, nor do they create a right to a tenure track
appointment.

201.310 Probationary Appointments. The maximum length of time which the Employer may employ a
Member pursuant to a Probationary Appointment shall be seven Years of Service. For purposes
of this Section 201.310, when a Member on a Probationary Appointment with the title of
assistant professor is hired and they have previously served on a Regular Appointment at another
accredited college or university, up to three years of such prior experience may be counted
toward the maximum seven Years of Service.

1. Assistant Professor

(a) If a Member who holds a Probationary Appointment with the title of assistant
professor does not receive Indefinite Tenure on or before May 15 in their sixth
Year of Service, their appointment shall terminate without further notice at the
end of their seventh Year of Service.

(b) If such an assistant professor receives written notice of non-reappointment on or
before June 15 of their first Year of Service, or upon their return to work from an
approved leave of absence if this return occurs no later than October 1 of their
second Year of Service, their appointment shall terminate without further notice at
the end of their second Year of Service.

(c) If such an assistant professor receives written notice of non-reappointment on or
before May 15th in either their second, third, fourth or fifth Year of Service, or
upon their return to work from an approved leave of absence if this return occurs
no later than October 1 of their next Year of Service, their appointment shall
terminate without further notice at the end of their Year of Service next following
the Year of Service in which notice was given.

2. Instructor

(a) If a Member who began their employment as an instructor on a probationary
contract does not receive a Tenure Appointment on or before May 15 of their
sixth Year of Service, their appointment shall terminate without further notice at
the end of their seventh Year of Service.

(b) If such an instructor receives written notice of non-reappointment on or before
March 1 of their first Year of Service, or upon their return to work from an
approved leave of absence, their appointment shall terminate without further
notice at the end of their first Year of Service.

(c) If such an instructor receives written notice of non-reappointment on or before
December 15 of their second Year of Service, or upon their return to work from an
approved leave of absence, their appointment shall terminate without further
notice at the end of their second Year of Service.
(d) If such an instructor receives written notice of non-reappointment on or before May 15 of their third, fourth or fifth Year of Service, or upon their return to work from an approved leave of absence if this return occurs no later than October 1 of their next Year of Service, their appointment shall terminate without further notice at the end of their next Year of Service following the Year of Service in which notice was given.

3. Notwithstanding this Section 201.310, the Employer may terminate a Probationary Appointment for cause at any time.

4. In the case of appointments by special contract, the special contract shall govern the time periods for notification.

201.400 Procedure for Promotion and Conferral of Indefinite Tenure. For this Section 201.400, "Convener" refers to Department Head/Programmatic Area Director if they are an Eligible Voting Member as defined in Section 201.420. Otherwise, "Convener" refers to the Eligible Voting Member appointed as chair of the group of Eligible Voting Members or of the ad hoc committee. In instances where "Head" or "Department Head" is used, it refers only to the Department Head. “Day” means a calendar day other than one which has been designated an official holiday at the University of Minnesota.

201.405 Initiation of Departmental/Programmatic Area Process. A Member on a Regular Appointment may initiate the consideration of their promotion and/or conferral of Indefinite Tenure and a Member on a Term Appointment may initiate the consideration of their promotion by submitting a written request to the Principal Administrator on or before the 30th day of September of the Academic Year in question.

In the case of a Probationary Member who does not initiate the process for promotion or conferral of Indefinite Tenure and who has the title of instructor or assistant professor and is serving their sixth year of appointment, the Principal Administrator shall initiate the process and notify the member.

201.415 Distribution of Form. After the Probation, Tenure and Probationary Reappointment Readiness Form has been prepared and at least ten calendar days before the Committee Meeting, the Convener shall distribute a copy of such Form to each faculty Member eligible to vote at the Committee Meeting and shall make the Member's File available for inspection to the "Eligible Voting Members."

201.420 Eligible Voting Members. In the case of conferring Indefinite Tenure, Eligible Voting Members means those Members who have Indefinite Tenure in the Member's Department. In the case of promoting, Eligible Voting Members means those Members who have Indefinite Tenure in the Members' Department and who are senior in rank to the Member in question. When there are not at least five Eligible Voting Members in a Department, then Eligible Voting Members means those Members appointed by the Principal Administrator as provided in Section 201.425. In either case, Eligible Voting Members does not include those Members who are serving outside of the continental United States, or those Members on disability leave or formal medical leave.
201.425 **Ad Hoc Committee.** When there are not at least five department Members eligible to vote on a Departmental recommendation for a Member, the Department Head and the Member shall each submit a list of up to five names of Eligible Voting Members, as defined in 201.420, from other Departments to the Principal Administrator who shall appoint as many Members from the lists as needed to establish an Ad Hoc Departmental Committee with at least five members, including all the Eligible Voting Members of the Department of the Member under consideration. The Principal Administrator shall choose Members from the lists whose experience and professional interests provide, in the Principal Administrator's judgment, an adequate measure of understanding of the Member's work so as to serve on an ad hoc committee for the purpose of making a Departmental recommendation as provided here.

201.430 **Written Notice and Agenda.** Written notice of and a written agenda for the Committee Meeting shall be distributed to the Eligible Voting Members by the Head at least four calendar days before the Departmental Meeting.

201.435 **Simple Majority of Quorum Required.** No Committee recommendation shall be made without a majority vote of a quorum of the Eligible Voting Members. A quorum shall be two thirds of the Eligible Voting Members. If, for any reason, there is not a majority vote or there is not a quorum, the process here shall immediately proceed to the Principal Administrator and shall continue as provided in Sections 201.455 through 201.475.

201.440 **Ballots and Tallying Ballots.** Committee votes shall be by written, unsigned ballots. Two of the Eligible Voting Members, designated by but not including the Convener, shall tally the votes.

201.445 **Committee and Convener Reports to Principal Administrator.** Within seven calendar days after the Committee Meeting, the Convener shall prepare and forward to the Principal Administrator the original ballots contained in a sealed envelope, identifying on the envelope the Member's name and the date the ballots were cast. The Principal Administrator shall retain the original ballots for a period of at least three years. The Convener shall also forward the Member's File to the Principal Administrator. At the same time the Convener forwards the ballots to the Principal Administrator, they shall prepare in writing and forward to the Principal Administrator and the Member the following:

(a) A statement of the recommendation, stating:

(i) the number of Eligible Voting Members;

(ii) the number of votes cast in favor of the recommendation;

(iii) the number of votes cast in opposition to the recommendation; and

(iv) the number of Eligible Voting Members present but abstaining.

(b) A statement of the Committee's recommendation identifying the reason(s) therefore.

(c) A statement of any minority recommendation, identifying the reason(s) therefore.

(d) A separate statement of whether the Convener agrees with the majority's recommendation and a statement identifying their reason(s) for such agreement or disagreement.
(e) In cases where the Head of the Department/Program or unit in which the Member's tenure or rank would be awarded is not an Eligible Voting Member, the Head will provide an independent evaluation of the Member's teaching and service to the Principal Administrator. The Head who is not an Eligible Voting Member may not review the Member's file, but should base the evaluation on materials in the Member's Academic Record File.

Items (a) through (e) shall become a part of the Member's File.

201.450 Right to Review and Supplement. For a period of ten calendar days following the Member's receipt of items (a) through (e) as provided in Section 201.445, the Member shall have the right to review them and their File and shall have the right to supplement the File with written comments or documents, provided however, such supplemental comments or documents are accompanied by a written statement identifying at whose request such comment or document was prepared, who prepared it and the date of its preparation, all of which becomes part of the File.

201.455 Review and Recommendation by Principal Administrator. After the time period referred to in Section 201.450 has expired, the Principal Administrator shall review the Member's File.

The Principal Administrator, upon the Member's written request, shall confer with the Member before making their recommendation to the Executive Vice Chancellor for Academic Affairs (EVCAA). After their review and conference with the Member, if any, the Principal Administrator shall state in writing to the EVCAA whether they support or does not support the award of Indefinite Tenure and/or promotion for the Member and they shall state their reason(s) therefor. The Principal Administrator's recommendation, including the reason(s) for the recommendation, shall become part of the Member's File.

In case of no majority vote or lack of a quorum under Section 201.435, the Principal Administrator may request a statement from the Convener as to whether they support or do not support the Member's request and the reason(s) for such support or lack of support. If the Head is not a member of the Committee, the Principal Administrator may also request an independent evaluation of the Member's teaching and service by the Head of the Department in which tenure or rank would be awarded. In instances where the Head is not an Eligible Voting Member, they may not review the Member's file, but should base the evaluation on materials in the Member's Academic Record File. These statements, if provided, shall become a part of the Member's File and the Member shall have the right to review the statement and to prepare a written response which shall become a part of the Member's File.

201.457 Right to Review, Discuss and Respond. When the Principal Administrator has completed their written recommendation, they shall notify the Member of their recommendation in writing before forwarding the recommendation to the EVCAA. If the recommendation is to disapprove the request, the reason(s) therefor shall be included. The Member shall have a period of ten calendar days from the date they are notified of the Principal Administrator's recommendation to meet with the Principal Administrator to discuss and review the recommendation. The Member shall have the right to prepare a written response related to the Principal Administrator's recommendation, and the Member's written response shall be forwarded to the EVCAA as part of the Member's File.
Review and Recommendation by EVCAA. After receipt of the Principal Administrator's recommendation and the Member's File, the EVCAA shall review the Member's File and shall state in writing whether they agree or disagree with the Principal Administrator's recommendation and their reason(s) therefor. The EVCAA, upon the Member's written request, shall confer with the Member before making their recommendation to the Chancellor. After their review and conference with the Member, if any, the EVCAA shall state in writing to the Chancellor whether they support or do not support the award of Indefinite Tenure and/or promotion for the Member and they shall state their reason(s) therefor. The EVCAA's recommendation, including the reason(s) for the recommendation shall become part of the Member's File.

Right to Review, Discuss and Respond. When the EVCAA has completed their written recommendation, they shall notify the Member of their recommendation in writing before forwarding the recommendation to the Chancellor. If the recommendation is to disapprove the request, the reason(s) shall be included. The Member shall have a period of ten calendar days from the date they are notified of the EVCAA's recommendation to meet with the EVCAA to discuss and review the recommendation. The Member shall have the right to prepare a written response related to the EVCAA's recommendation, and the Member's written response shall be forwarded to the Chancellor as part of the Member's File.

Review and Recommendation by Chancellor. After receipt of the EVCAA's recommendation and the Member's File, the Chancellor shall review the Member's File and shall state in writing whether they agree or disagree with the EVCAA's recommendation and the reason(s) therefor. The Chancellor shall forward positive promotion and/or tenure recommendations, along with the Member's File, to the Senior Vice President for Academic Affairs for forwarding to the Board of Regents.

Right of Notice. The Chancellor shall notify the Member, the Principal Administrator, and the Convener in writing of their recommendations within seven calendar days of the decision. If the recommendation is to disapprove the request, the reasons therefor shall be included.

Right to Meet and Discuss. If the recommendation of the Chancellor is to disapprove the request, the Member shall have the right to meet and discuss the recommendation with the Chancellor within ten days of receiving the written notice described in Section 201.461.

Decision by Regents. The Member's request and the Chancellor's recommendation shall be forwarded by the Senior Vice President for Academic Affairs to the Regents for approval or rejection.

Notice of Regents' Decision. Within seven calendar days after the Regents' decision, the Employer shall notify the Member in writing thereof.

Regents' Decision Final and Binding. The decision of the Regents whether to promote or to confer Indefinite Tenure shall be final and binding. The decision, the criteria upon which such decision was made, all recommendations leading up to the decision, and the reasons for such recommendations shall not be grievable. The Member may bring a grievance alleging that the procedure for promotion or conferral of Indefinite Tenure described in this Section 201.400 was not followed, except as otherwise provided in this Agreement. If the arbitrator finds that the procedure for promotion or conferral of Indefinite Tenure was not followed, the arbitrator's sole remedy for the grieving Member shall be an order requiring the Employer to reconsider the
Member's request in the Academic Year in question or in the following Academic Year and to follow such procedure upon such reconsideration. Any such award shall not have the effect of automatically conferring the Member with Indefinite Tenure. The Employer and the Association recognize that the criteria by which decisions are made to promote or confer Indefinite Tenure and the decisions themselves are not negotiable; however, the Employer and the Association also recognize the Members' need to be informed as to the criteria used by the Employer for decisions to promote or confer Indefinite Tenure. In recognition of the Members' need to be informed, the Employer shall undertake reasonable steps to communicate to the Association the criteria used for promoting and conferring Indefinite Tenure.

201.485 Regents' Decision Necessary. No change in rank and no conferral of Indefinite Tenure is effective unless approved by vote of the Regents or their designee.

201.600 Initiation of Review of Probationary Members by Head.

201.610 Initiation. When the process as provided in Section 201.400 has not been initiated for the Member in that Academic Year, the annual review of the Probationary Member shall commence. The Member, with the exception of Instructors in their first two Years of Service, shall have until the first day of Spring semester classes to update their review materials prior to their review by the tenured Members of the Department. After this the Head shall, following consultation with the tenured Members in the Department, prepare the appraisal form then currently in use by the Employer and shall before February 15 of such year deliver a copy of the appraisal form containing the statement of the Department's appraisal to such Member.

A Member holding the rank of Instructor in their first Year of Service shall have until December 1 to update their review materials prior to their review by the tenured Members in the Department. A Member holding the rank of Instructor and in their second Year of Service shall have until October 1 to update their review materials prior to their review by the tenured Members of the Department. After the applicable deadline, the Head shall consult with the tenured Members of the Department and then prepare the appraisal form currently in use by the Employer, containing the statement of the Department's appraisal.

A copy of the completed appraisal form shall be placed in the Member's Academic Record File, in accordance with the provisions of Section 955.000.

201.620 Review. Within seven calendar days after the Member's receipt of the appraisal form, the Member and the Head shall meet and discuss the Member's performance for the previous year. Following this meeting, the Member shall sign the form indicating that they have reviewed the form. The Member may attach a written response. The Member's signature on the form does not indicate that they agree with the statements included on the form, only that they have reviewed them.

201.700 Review of Tenured Faculty Performance.

Goals and Expectations: The tenured faculty of each academic unit shall establish goals and expectations for all tenured Members, including teaching, scholarly and creative productivity, and contributions to the service and outreach functions of the program, the collegiate unit, the campus, and the University. The factors to be considered will parallel those used by the program in the granting of tenure (see departmental 7.12 Statements and collegiate unit documents dealing with tenure) but will take into account the different stages of professional development
of the faculty. These goals and expectations will be flexible, so that some Members may contribute more heavily to the accomplishment of one mission of the program, collegiate unit, campus or the University, while other Members contribute more to the accomplishment of other missions of these units. The goals and expectations shall not violate the individual Member's Academic Freedom. They shall include reasonable indices of acceptable performance in each of the areas (i.e. teaching contributions, scholarly and creativity productivity, service, governance, and outreach activities.)

Statement of Goals and Expectations and Indices: The Principal Administrator shall review the goals, expectations, and indices. In particular the Principal Administrator will review these goals, expectations, and indices as they relate to the tools that programs use to assess performance for merit review. The Principal Administrator shall recognize the differences between an annual merit review and the continuing process of individual Member career development. The Principal Administrator may request changes to ensure that the indices are consistent with the goals and expectations of the particular program. When the Principal Administrator and the tenured faculty in the academic unit achieve mutual agreement, the Principal Administrator shall submit recommendations on the indices, goals and expectations to the Executive Vice Chancellor for Academic Affairs (EVCAA).

Commencement of Review of Tenured Faculty Performance:

The Members in each academic program undergo an annual merit review for salary adjustment (See 500.200). The review of a tenured Member's performance shall occur in conjunction with the time line for merit review. If the Principal Administrator believes a tenured Member's performance may be substantially below the goals and expectations adopted by the Member's program, as demonstrated by the appropriate indices, for a period of two consecutive years, the Principal Administrator shall advise the Head of the member’s academic unit. Within ten (10) days the Head shall convene the tenured faculty Members of that unit. The tenured Members of the unit shall review the Member’s file submitted for review. Within ten (10) days the tenured faculty shall form, by secret ballot, a recommendation to the Principal Administrator. If the tenured faculty of the academic unit agree by majority ballot that the Member's performance is significantly below that indicated by the indices, the Principal Administrator shall advise the Member in writing, including suggestions for improving performance. The Principal Administrator shall specify the nature of concern about the Member's performance and detail the changes which must occur to bring the Member's performance back into line with program goals and expectations. A time line for improvement of at least one (1) year shall be specified. Where possible, the Principal Administrator shall provide assistance to the Member in this effort. The Member shall have 10 calendar days following receipt of the letter from the Principal Administrator to respond in writing to the Principal Administrator's recommendation. The Principal Administrator shall respond in writing to any concerns raised by the Member.

At the end of the time line for improvement that is described in the previous paragraph, the Principal Administrator shall reevaluate the tenured Member's performance to determine whether they feel that program goals and expectations are being met. If, in the Principal Administrator's opinion, a problem continues to exist, a recommendation from the Member's program shall be solicited. Only tenured Members in the program of rank equal to or greater than that of the Member concerned shall be queried. If at least three such Members are not found, the Head of the Program and the Member shall each suggest three names of Members who would be appropriate and the Principal Administrator shall choose a sufficient number from those lists to yield a total of three. The convener of the Committee shall be the Head if the Head is included.
in the Committee; if the Head is not included, the Principal Administrator shall appoint a
convener from the Committee. The Head shall chair the Committee unless the convener is
appointed in which case the Committee shall elect a chair. The Member shall have 30 calendar
days to provide the Committee material sufficient for a review of their performance over the
preceding five years. The Committee shall, in light of the goals and expectations of the program,
prepare a report on the teaching, scholarship/creativity, service and outreach of the Member. It
also will identify any supporting service or accommodation that the University could provide the
Member to improve performance. The Committee may recommend:

a) that the Member's performance is adequate and that the review should end;

b) that the allocation of the Member's expected effort among the teaching, research/creativity,
and service/outreach functions of the program be altered for 2 years so as to maximize the
faculty member's contribution to the mission of the University;

c) that the time line for improvement be extended with additional specificity for improvement; or

d) the Committee may choose to make no recommendations.

The process described in the following two paragraphs will conclude in no longer than thirty (30)
calendar days.

The Committee will send its preliminary recommendation to the Member. The Member will
have ten calendar days to respond to the Committee's recommendation and to supplement the
response with written comments and/or documents.

The Committee shall forward its final recommendation and any supplementary materials to the
Principal Administrator. Upon the Member's written request, the Principal Administrator shall
confer with the Member before making their decision which shall not be made until at least 10
working days have passed since receipt of the Committee's recommendations.

If this review process results in a modification of a tenured Member's workload assignment by
the Principal Administrator, the Member during any stipulated period shall be evaluated for merit
adjustment and performance according to criteria that are appropriately modified. These new
criteria shall be provided in writing to the Member, the program Head, and the Association. No
modification shall exceed by 50% the Student Credit Hour and Contact Hour Limits as specified
in 250.222, 250.223, and 250.230.

The Section does not prohibit a Member from agreeing voluntarily to a modification in
workload, as specified in 250.400.

202.000 TEACHING EVALUATION (UMD)

202.100 Personnel Files. Evaluations of teaching being submitted for the purpose of personnel decisions
shall be forwarded by the Member to the Principal Administrator for inclusion in the Member's
Academic Record File. Members may include an analysis/interpretation of their course
evaluations with their annual faculty information reports.
Selection of Tools. Each Department shall select a set of at least two evaluation tools it considers appropriate for its members. These tools might include peer observations, self-reflection, student ratings of teaching, student qualitative feedback on teaching, student work, and teaching portfolio. Each Member shall choose the specific tools to be used to evaluate their teaching from the set approved by their Department.

Selection of Courses. The courses considered in evaluations of teaching for personnel decisions each academic year shall be mutually agreed upon by the Member and their Department Head no later than September 15. The Member may exclude independent study, internship, individualized instruction, and similar courses (e.g., private music lessons, etc.) from these evaluations. If the Member is a Department Head, the courses shall be mutually agreed upon by the Member and their Principal Administrator. A Member shall evaluate at least 50% of the courses they taught in the academic year. No Member shall be required to evaluate more than 50% of their courses for the purposes of this Section 202.000. All courses taught by a Member over the most recent 6 or more years shall be considered in evaluations submitted to the Member's Academic Record File.

Percentage Calculations. Any fractions resulting from the calculation of the 50% referred to in Section 202.260 shall be rounded up to the nearest whole number (e.g., A Member teaching five (5) courses - 50% equals 2.5 courses, three (3) courses considered in evaluations for personnel decisions).

Instructional Improvement. If, on the basis of the results of evaluations provided by this Section 202.000, a Member requests help in improving their instruction, then the Member and the Member's department, programmatic director or other appropriate academic unit head shall jointly agree upon a plan of improvement.

WORKLOAD (UMD)

Introduction

Professional Responsibility. Professional activities such as instruction, scholarly research, creative activity, and outreach/service to the institution, the academic discipline, and the community shall be components of a Member's professional responsibility.

Definitions. The following terms shall have the following meanings for purposes of Section 250.000:

Contact Hour. "Contact Hour" means an hour of instructional contact with students per week. Fifty minutes of scheduled class shall constitute one (1) Contact Hour. For purposes of computation, laboratories, activity courses, team teaching, studio courses, individual instruction and student teaching and internship supervision shall be calculated using "departmental/collegiate" protocols. The Employer shall provide a written definition and prescription for use of each protocol. Annually, each Member shall be given a copy of such protocols, along with their definitions and prescriptions for use, which pertain to their work assignment.

Student Credit Hours. "Student Credit Hours" or "SCH" means the number of course credits taught by the Member times the number of students who are enrolled in the course at the end of the second week of the term.
250.150 **Instructional Assignment Limits:** No Member shall be assigned any instructional assignment within 12 hours of the conclusion of an assigned evening class. All assigned classes within a single day must fall within a 10 hour period. No Member shall be involuntarily assigned classes more than two nights per week. Any exceptions to the above shall be by agreement between the Principal Administrator and the Member(s) and the Principal Administrator shall forward a copy to the Association prior to the Member(s) commencing the assignment.

250.200 **Instructional Workload for Regular Appointments.**

250.210 **Nine- and Twelve-Month Appointments.**

250.211 **Department/Program/Area Contact Hour Limit.** The annual Contact Hour load for each department/program/area shall average for the duration of this Agreement no more than the Department/Program/Area Limits, adjusted on a FYE faculty basis, given in Table 1.

250.212 **Adjustments.** Members holding regular, full-time nine- or twelve-month appointments whose professional responsibilities include administrative responsibility or professional functions other than instruction, research, disciplined inquiry, or equivalent creative activities and routine service commitments shall have their instructional loads adjusted accordingly.

250.220 **Nine-Month Appointments.**

250.221 **Individual Contact Hour Limit.** The normal Contact Hour limit for any individual full-time Member on a nine-month, regular appointment, without administrative responsibility or released time, shall be the Individual Limit given for their department/program/area in Table 1.

250.222 **Contact Hour Limits.** Any instructional workload assignment which would cause a nine-month Member's instructional Contact Hour load, totaled over the academic year, to exceed the limit specified in Section 250.221 or 250.400, whichever limit is applicable, shall be made only with the consent of the Member and after notification of the Association. In such cases, the Member shall be recognized for these additional duties by

(a) a future reduction in workload, equal to, at least the excess, or

(b) supplemental pay in accordance with Section 508.400 of this Agreement.

Voluntary acceptance of students into "independent study" types of courses does not provide a basis for a claim that workload limits have been exceeded. Apparent overloads due to these reasons shall not be recognized, either for future reduction in workload or supplemental pay.

Student Credit Hour Limit. If the annual SCH generated in a nine-month Member's work assignment exceeds 1800 SCH, the Member shall be recognized for this additional workload by

(a) reduction of the Member's contact hour limit (This new limit shall be the Member's Departmental Contact Hour Limit reduced by 7.2 percent (7.2%) of the Member's Departmental Contact Hour Limit per 100 SCH in excess of 1800 SCH/year.), or,

(b) supplemental pay in accordance with Section 508.400 of this Agreement, (The compensation for each 67 SCH in excess of 1800 SCH per year shall be that which the Member would receive for teaching one (1) credit in Continuing Education pursuant to Section 508.400 of this Agreement.)

If the annual SCH total generated in a nine-month Member's work assignment is greater than 1800 but less than 1900, the Member's Principal Administrator shall decide which of (a) or (b), above, shall be applicable. If the total is equal to or greater than 1900 the Member and the Principal Administrator shall agree upon (a) or (b) above.

Twelve-Month Appointments. Members who hold full-time, twelve-month, regular appointments shall be assigned annual instructional workloads which are no more than twenty-two percent greater than the corresponding nine-month instructional load.

Instructional Workload for Term Appointments. The normal Contact Hour Limit and Student Credit Hour Limit for full-time Members on term appointments that carry no requirement for research or scholarly activity except that necessary for preparation and delivery of courses shall not exceed by more than fifty percent the normal individual Contact Hour Limit and Student Credit Hour Limit specified for nine- or twelve-month, regular appointees in Sections 250.221 and 250.230.

Instructional Workload for Part-Time Appointments. Members holding part-time, twelve- or nine-month appointments shall have their instructional load limits adjusted in proportion to the percentage specified in their respective appointments.

Instructional Workload Associated With Modified Criteria For Performance Evaluation. A full-time Member on a regular appointment and their Principal Administrator may agree upon a workload assignment which would exceed the Student Credit Hour Limit and/or Contact Hour Limit specified in 250.222, 250.223 and 250.230. The Member would be recognized for these additional duties by use of modified criteria for performance evaluation for annual merit adjustment as jointly agreed upon by the Member and the Principal Administrator. The Member's and Principal Administrator's agreement shall be in writing and a copy of this agreement shall be supplied by the Principal Administrator to the Member and to the Association. Contact Hour and Student Credit Hour Limits agreed to under this Section shall not exceed by more than fifty percent those specified in 250.222, 250.223, and 250.230.

ASSIGNMENTS (UMD)

Instructional Assignments. Course assignments and Member teaching schedules, responsive to student and institutional needs and consistent with Member expertise and needs, shall continue to be developed primarily at the department/program level in consultation with affected faculty; however, actual assignments are the responsibility of the Principal Administrator.
250.520 **Subject Assignment.** A Member shall not be assigned to teach in subject areas in which they do not possess adequate professional training or expertise.

250.600 **Department Heads.** Department and other program heads shall serve at the discretion of the Employer and shall perform such administrative duties as shall be assigned to them. In return for such duties, heads of units with fewer than ten full time equivalent ("FTE") faculty positions shall have their normal annual instructional loads reduced by no less than one-third and those with ten or more FTE faculty positions shall have their normal annual instructional loads reduced by no less than one-half. Greater percentages of reduced load may be stipulated by written agreement between the head and the Principal Administrator.

250.700 **Other Instructional Duties.** Each Member shall post a reasonable number of office hours per week at a time convenient for students and shall be available during such hours for the purposes of consultation with students.

250.720 **Related Instructional Activities.** Each Member shall devote an adequate amount of time to course and class preparation, to the evaluation of student performance, to student advisement, and to other similar instructional activities.

250.730 **Student Advisee Assignment.** In the absence of compelling reasons to the contrary, the number of advisees in any department/program shall be assigned to Members proportionally.

250.800 **Scholarly Activity.** Each Member on a regular appointment shall devote a reasonable amount of time to disciplined inquiry, scholarly activity, or creative activity as appropriate to the promotion and tenure guidelines for their appointment. This effort shall be related to their area of professional training or expertise.

250.900 **Professional Service.** Each Member shall devote a reasonable amount of time to professional service to the institution, the academic discipline and the community.

255.000 **ANCILLARY WORKLOAD (UMD)**

255.100 **Summer Session.**

255.110 **Applicability.** The provisions of Section 255.100 shall apply only to Members who hold appointments other than twelve-month, full-time, regular appointments.

255.120 **Workload.** During the Summer Session, the workload of Members assigned instructional responsibility for a course or courses shall include class preparation and delivery, evaluation of student performance, student advising, posted office hours and other student contact.

255.130 **Compensation.** The Employer shall pay a Member to whom it assigns instructional responsibility for a course, workshop or seminar which it offers during a summer session subject to the provisions of Section 508.100.

255.200 **Summer Advisement and Registration.** A Member may serve as a student adviser or in any other similar capacity outside their period of appointment. Such Member shall be compensated with supplemental pay according to Section 508.400.

255.300 **Continuing Education.**
255.310 **Applicability.** The provisions of Section 255.300 shall apply to all Members. Instructional responsibility for a course which the Employer offers through the Employer's Continuing Education shall be considered an overload.

255.320 **Limitations.** If the Employer assigns a full-time Member instructional responsibility for courses offered through the Employer's Continuing Education, those responsibilities shall not normally exceed any of the following guidelines:

(a) Two courses per semester;

(b) Five credit hours per semester; or

(c) Eight credit hours per Academic Year.

The Employer shall assign credit equivalents to courses for which it does not offer academic credit. The Director of the Continuing Education program shall question the appropriate Principal Administrator for the purpose of determining whether the limits imposed by this Section have been exceeded.

255.330 **Contact Hours.** Courses which the Employer offers through its Continuing Education and for which the Employer offers academic credit shall require the same number of Contact Hours as are required in the day school as provided in Section 250.000, except for independent study and correspondence courses.

255.340 **Compensation.** The Employer shall pay a Member to whom it assigns instructional responsibility for a course which the Employer offers through its Continuing Education according to the provisions of Section 508.300.

255.400 **Employer's Obligation To Notify Members.** The Employer shall provide Members with reasonable, advance notice of the courses, workshops and seminars which it proposes to offer during summer sessions or which it proposes to offer through its Continuing Education.

280.000 **EMPLOYMENT CONTINUATION** (UMD)

280.100 **Definitions.**

280.110 **Program.** For purposes of this Section 280.000, "Program" means the departments, library, Supportive Services and other such units as the Chancellor shall designate.

280.120 **Layoff.**

(a) "Layoff," in the case of a Member with tenure, means the elimination of the Member's position because of the Employer's declaring a Fiscal Emergency. Layoff reflects no discredit of the Member's job performance.

(b) "Layoff," in the case of a Member without tenure, means the elimination of the Member's position. Layoff reflects no discredit of the Member's job performance.
280.130 **Total Time.** “Total Time” shall mean the number of academic years (1) of unbroken service for which a person has been a Member since the date of their initial appointment or the date of their reappointment that follows their most recent period of unbroken service, or in the case of Total Time since tenure, (2) since the date of conferral of tenure. If a person has an entire academic year with either no appointment or an appointment that does not place them in the Certified Unit, that shall constitute “broken” service, except as provided for in Section 280.210. For purposes of this rule, periods of unbroken service shall include sabbatical leaves, single-quarter/semester leaves, and all other authorized leaves of absence, whether compensated or not. However, the period spent on an authorized uncompensated leave, if greater than one (1) academic quarter or semester, unless on a leave for the express purpose of non-degree related scholarly work or for purposes under Section 604.400, shall not count in the Total Time when determining seniority.

280.200 **Rules of Construction.**

280.205 **Initial Entry Into Unit.** Any individual entering the Certified Unit for the first time, other than the exception(s) noted in (b) of Section 280.210, shall do so without any accumulated seniority related to employment at the University of Minnesota.

280.210 **Administrators' Right.** If (a) a Member is removed from their membership in the Certified Unit because of their appointment to an administrative position or (b) a person now serving in an administrative position with faculty rank is appointed to a position which has the effect of making the person a Member of the Certified Unit, then such person's seniority shall be calculated as if the person were a Member during their administrative service.

280.220 **Members' Right.** If a Member is transferred from one Program to another, then at the Member's election (a) their seniority as provided in Section 280.420(a) or Section 280.430(a) shall accumulate uninterrupted as though they were still in their previous Program or (b) such seniority shall be transferred uninterrupted to their new Program. The Member shall elect either (a) or (b) above at the time such Member is transferred.

280.300 **Reductions Before Layoff.**

280.310 **By Employer.** If Layoffs occur, the Employer may offer a Member a change in a regular appointment or a term appointment from full-time to part time as an alternative to laying off that Member. If such an offer is made and accepted, the Member's seniority shall accumulate as though they were employed full-time. A decision to lay off the Member rather than reduce the Member's employment to part-time shall be at the discretion of the Employer.

280.320 **At Member's Request.** When the Employer eliminates a Member's position subject to this Section 280.000, such Member may request in writing to the Principal Administrator that their position be reduced to part-time. If the Employer offers and the Member accepts a reduction to part-time employment, the Member shall accumulate seniority as though they were working full-time. A decision to lay off the Member rather than to reduce employment to part-time shall be at the discretion of the Employer.

280.400 **Sequence of Layoff.**
280.410 Faculty within a Program Holding Different Types of Appointments. Members with different types of appointments within a Program which will be subject to Layoffs shall have the right to complete their contract years or the right to continued employment, as the case may be, in the following order:

(a) Members with tenure;
(b) Members on special contracts with probationary appointments;
(c) Members with probationary appointments;
(d) Members on special contracts with temporary appointments; and
(e) Members with Term appointments.

280.420 Between Members with Term Appointments, on Special Contracts, or with Probationary Appointments. Subject to Section 280.410, the following rules in the order set forth below shall determine between Members in the same Program who hold term appointments, or between such Members who hold appointments on special contracts with term appointments, or between such Members on special contracts with probationary appointments, or between such Members who hold probationary appointments which such Member has a right to complete their contract period (here "Right") or which such Member has a right to continued employment (here "Right"), as the case may be:

(a) The Member more senior shall have the Right. A Member is more senior if their Total Time is greater than another Member's Total Time
(b) Between Members having the same seniority, the Member with the higher academic rank shall have the Right.
(c) Between Members having the same seniority and the same academic rank, the Member with the recognized terminal degree for that Member's particular academic responsibility shall have the Right.
(d) Between Members having the same seniority, the same academic rank and the same academic degrees, the Member who first in time received their highest academic degree shall have the Right.
(e) If rules (a) through (d) hereof do not determine which Member shall have the Right, the Employer shall have the sole determination.

280.430 Between Tenured Members. Subject to Section 280.410, the following rules in the order set forth below shall determine between tenured Members in the same Program which such Member has a right to continued employment (here "Right"):

(a) The more senior Member shall have the Right. For purposes of this rule, a tenured Member's seniority shall be determined by "points." The Member shall receive points as follows: Three (3) points per year of service since tenure plus one (1) point per year of service as a tenured assistant professor plus two (2) points per year of service as a tenured associate professor plus three (3) points per year of service as a tenured full professor.
"Year of Service," for purposes of this provision, means during a single academic year which averages 67% or more of full-time employment, or a sabbatical leave, or an authorized, unpaid leave for the express purpose of non-degree related scholarly work or for purposes under Section 604.400.

(b) Between Members having the same seniority, the Member whose Total Time since tenure is greater shall have the Right.

(c) Between Members having the same seniority and the same Total Time since tenure, the Member higher in academic rank shall have the Right.

(d) Between Members having the same seniority, the same academic rank and the same Total Time since tenure, the Member whose Total Time is greater shall have the Right.

(e) If rules (a) through (d) hereof do not determine which Member shall have the Right, the Employer shall have the sole determination.

280.500 Rights After Layoff.

280.510 Employer's Obligation to Notify Member of Layoff. The Employer shall notify in writing a Member who is to be placed on Layoff at least one (1) year before the effective date of such Layoff. In the case of a Member without tenure, the Employer's written notice shall state that the loss of position does not reflect on the Member's competence and, in the case of a Member with tenure, the Employer's written notice shall further state that the loss of position resulted from the Employer's declaring a Fiscal Emergency.

280.520 Employer's Obligation to Notify Member of Vacancies. If a Member is notified that they are to be laid off, the Employer shall notify the Member of the approved and available University of Minnesota administrative/professional and faculty (but not civil service) vacancies. The notice shall (a) be in writing (b) be mailed to one (1) address provided to the Employer by the Member and (c) be updated by the Employer from time to time. Such notification shall be provided for two years after the date the Member's Layoff notice is given.

280.530 Member's Right to Reinstatement. A Member who has lost their position under the procedures of this Section 280.000 shall be given the opportunity to be reinstated to their position before any other person is hired to fill their position. When two or more Members in the same Program have lost their positions as a result of the procedures of this Section 280.000, the right to be reinstated shall be determined on a last-out, first-reinstated basis. Refusal to accept an offer of reinstatement shall terminate this right. Notwithstanding other Sections in 280.000, a Member's right to reinstatement shall expire five (5) years following the termination date of their regular appointment.

280.540 Member's Notice to Employer and Right to Delay Reinstatement. A Member shall notify the Employer in writing of their acceptance or declination of an offer of reinstatement within fourteen calendar days after their receipt of the offer. The Member, at their discretion, may be reinstated at the time offered by the Employer or may delay the date of reinstatement by no more than ninety days. If the Member chooses to so delay their date of reinstatement, the Member shall so notify the Employer in writing at the time the Member accepts the Employer's offer. The Employer's offer to reinstate the Member shall be at the same tenure level, rank, seniority and salary as at the time when the Member was
released and shall include at least the across-the-board salary increases, if any, granted during the Member's absence.

280.600 Program Elimination/Program Reduction: Members with Indefinite Tenure. When a program is reduced or eliminated by the Employer and the Employer does not declare a Fiscal Emergency, a Member with Indefinite Tenure cannot be subjected to Layoff. The Member retains their rights of Indefinite Tenure under Section 002.162.

280.610 Position Elimination. When a Member with Indefinite Tenure receives written notification that their position is eliminated per 280.600, they shall, within 90 days after learning the terms and conditions of (i) and (ii), or within one (1) year of the position elimination notice, whichever comes first: (i) accept transfer to a position in another program at the University; or (ii) terminate their employment at the University (see 280.640); or (iii) apply for uncompensated leave of absence for up to three years.

280.620 Transfer Option. If a Member chooses option (i) under Section 280.610, the Employer and the Member will consult regarding the terms and conditions of the transfer. A designee of the Association may be present during such consultations.

(a) Members will be transferred to positions with the same faculty rank except as follows. With the agreement of the Member and the Dean/Unit Head and/or other Principal Administrator, a transfer could be to an academic professional position with continuous appointment or another position as the parties may agree.

(b) A Member who transfers to another faculty position at the University shall receive a letter of offer at the time of transfer that includes salary, term of appointment, rank and regulations concerning faculty tenure; an indication about how the progress toward promotion achieved within the current unit will be credited toward meeting the expectation for promotion within the unit to which they will transfer; the department's 7.12 statement; the department's written statement about criteria and procedures in merit pay decisions (if available); initial workload description.

(c) A Member who transfers to an academic professional position with continuous appointment shall receive a letter of offer at the time of transfer that includes the position description, job title and number, salary, and a copy of the Academic Professional and Administrative Staff Policies and Procedures which governs the terms and conditions of these appointments. The status of their continuous appointment will be equivalent to tenure status as it relates to program elimination and reduction: should their position be discontinued for any reason other than just cause or Fiscal Emergency, the Member may, in accordance with the terms of Section 280.600 (i) accept transfer to a position in another program at the University; or (ii) terminate their employment at the University; or (iii) apply for uncompensated leave of absence for up to three years.

(d) Members will be transferred at no less than their current salary. A Member who transfers between January 1 and June 30 will be considered for merit increases based upon the merit criteria that governed the Member prior to the effective date of the transfer. A Member who transfers between July 1 and December 31 will be considered for merit increases based on the merit criteria within the letter of offer.
(e) A Member may propose one (1) alternative transfer. If this transfer is not successfully negotiated, the Member shall select option (i), (ii), or (iii) above by the date stipulated at the time of program elimination.

(f) The Employer shall provide up to one (1) month of salary to compensate for actual, receipted household moving expenses if incurred because of transfer to another University of Minnesota campus.

(g) Whenever the University determines the Member who transfers requires training, the training program tuition/fee costs shall be paid by the Employer.

280.630  **Uncompensated Leave of Absence Option.** If a Member intends to exercise option (iii) under Section 280.610, the Member must apply for an uncompensated leave of absence at least 60 days prior to the end of the specified time limit under Section 280.610. Thirty days following a Member's application for uncompensated leave of absence, the Employer shall notify the Member in writing whether the leave is granted or denied. If the leave is denied, the Member shall choose option (i) or (ii) within the time limits specified under Section 280.610. A Member who applies for and is granted an uncompensated leave of absence shall notify the Employer in writing 120 days before the return from the leave of absence. At least 60 days prior to the Member's return, the Employer shall offer a transfer and the Member shall choose option (i) or option (ii) from Section 280.610 above. If the Member chooses option (ii), their termination must take effect at the end of a semester.

280.640  **Termination/Severance Option.** Under the conditions of 280.610, the Employer and the Association agree to negotiate termination/severance benefits in accordance with PELRA. Such negotiations shall begin within 30 days of the notice of position elimination.

280.700  **Program Elimination: Members holding a Probationary Appointment.** When a program is eliminated, a Member holding a Probationary appointment is subject to layoff. At the time of program elimination, a Member may: (i) have their name placed on a layoff list for up to two (2) years or (ii) accept the termination/or severance benefits that may be offered. Under the conditions of 280.610, the Employer and the Association agree to negotiate termination/severance benefits in accordance with PELRA. Such negotiations shall begin within 30 days of the notice of position elimination.

(a) A Member who chooses to go onto a layoff list may be rehired by a program that initiates a rehire from the layoff list without an open search. At the time of rehire, upon written request of the Member, they shall be allowed three (3) years of service prior to mandatory consideration for tenure. The Employer shall not be required to hire a Member from the layoff list.

(b) A Member who is hired from the layoff list to a regular or term faculty position at the University shall receive a letter of offer that includes salary, term of appointment, rank and regulations concerning faculty tenure; the procedures for review of probationary faculty; an indication about how progress toward tenure achieved within the current unit will be credited toward meeting the expectation for tenure within the unit to which they will be hired; the department's 7.12 statement; the department's written statement about criteria and procedures in merit pay decisions (if available) and initial workload description.
(c) A Member who is not reappointed because of program elimination and who has elected to be on the layoff list shall be given the opportunity to be reinstated to their former position, if the Employer determines to reactivate the former position, before any other person is hired to fill the Member's former position. (See Sections 280.530 and 280.540).

280.800 Program Elimination: Members on Term Appointment. When a program is eliminated, the appointment of a Member on Term appointment will expire at the end date specified on the Member's employment contract.

300.000 GOVERNANCE

The Employer and the Association agree that discussions regarding curriculum, educational policy and related matters shall occur in accordance with the constitutions, if any, for faculty at UMD and UMC, as they may be approved and amended by the Regents from time to time, and in accordance with the meet and confer provisions of Minnesota law. However, the Employer and the Association agree that certain subjects concerning Members' employment are not negotiable including, but not limited to, curriculum, educational policy and governance. All negotiable terms and conditions of employment shall be negotiated by the Employer and the Association or shall be arrived at in accordance with the provisions of this Agreement and the provisions of PELRA.

The determination of merit for a fiscal year will be based on the evaluation of work in the previous calendar year, with the following exception: in the first year Merit Adjustments are available during this agreement, and only for that specific year, Members may choose whether their Merit Adjustments will be based on only the previous year, or whether they will be based on an average of their performance across all of the years beginning in FY 2020 (when Merit Adjustments were suspended). PROCEDURE FOR DISTRIBUTION OF MERIT ADJUSTMENT FUNDS AND GRIEVANCES (UMD)

Procedures for Distribution of Merit Adjustment Funds. The amount of a Member's merit adjustment as provided in Section 500.200 shall be recommended by the Member's department head or other academic unit head to the Principal Administrator. The Principal Administrator shall, in turn, make a recommendation to the appropriate Vice Chancellor, who shall determine the amount of a Member's merit adjustment, if any.

The merit recommendation process must provide an objective unbiased evaluation of each Member following a thorough review of their work. The process must encourage continued good or improved performance, which in turn, should be rewarded by the compensation system. Neither party shall use this description of the process as evidence or argument in arbitration nor shall it be grievable.
502.200 **Grievability.** The Employer's decision to grant or deny any merit adjustment as provided in Section 500.200 shall be grievable only through Step Three (Section 801.330) of the Grievance Procedure provided by this Agreement.

507.000 **MISCELLANEOUS SALARY ADJUSTMENTS (UMD)**

507.100 **Non-Discrimination.** The Employer shall prospectively remedy inequities in salary, if any, based on discrimination as defined in Section 105.000 of this Agreement.

507.200 **Base Salary Defined.** For the purposes of calculating the amount of any Member's base salary and salary adjustments in this Section 500.000, "base salary" does not include the compensation items described below in Sections 507.300, 507.400 and 507.500.

507.300 **Augmentation.** During the duration of this Agreement the salary increments for augmentation for administrative positions shall be maintained according to current practice. The Employer may change the workload or administrative duties performed by a Member employed in an administrative position. In the event of such a change, the augmentation paid to such a Member may be changed in a proportionate amount. Salary increase money generated by augmentation shall stay within the bargaining unit.

507.400 **Regents Professorships.** The Employer may elect any Member a Regents Professor.

507.500 **Awards.** The Employer reserves the authority to grant any Member an award.

508.000 **ADDITIONAL COMPENSATION (UMD)**

FINANCIAL STRINGENCY (UMD)

Financial Stringency. Financial Stringency is understood to mean financial difficulties that are unusual in extent and require extraordinary rather than ordinary responses. Fiscal Emergency may be invoked if the Regents are "faced with the necessity of drastic reduction in the University budget", reductions so severe that they may "threaten survival" of the University. It is understood that the financial difficulty that would permit the President or Chancellor to propose Financial Stringency is less severe than Fiscal Emergency as described above, and it is also understood that Financial Stringency should not be invoked to respond to foreseeable fluctuations in the University's budget and finances.

Reduction or Postponement of Compensation. If the University of Minnesota, Duluth is faced with Financial Stringency, the President or Chancellor may propose a temporary reduction or postponement in compensation to be allocated to faculty. If such condition is declared for the University of Minnesota, Duluth by the Regents, the Association and the Employer shall Meet and Negotiate, in accordance with PELRA, a temporary reduction or postponement in the compensation of UEA bargaining unit members in accordance with a mathematical formula or device. In such negotiations, the administration shall provide the documentation that justifies the declaration of Financial Stringency. Such reduction or postponement may not continue for longer than two years, unless renewed by the same procedure.

LEAVES OF ABSENCE

Definition. For the purposes of Section 600.000, salary is defined as in Section 507.200.

Sabbatical Leaves.

Eligibility. After a Member has completed six or more years of employment with the Employer pursuant to either a nine-month or a twelve-month, full-time, appointment or after they have completed six years of such employment following their most recent sabbatical leave, they shall be eligible for a sabbatical leave.
Compensation. The Employer shall pay the Member to whom it grants sabbatical leave one-half (1/2) of the salary and full benefits to which they would have been entitled if they had performed their normal duties, or, at the option of the Member, the Employer shall pay the Member to whom it grants a sabbatical leave three-fourths (3/4) of the salary to which they would have been entitled if they performed their normal duties during the year of the sabbatical leave, and during the year succeeding the sabbatical year the Employer shall deduct similar amounts from the Member's salary during that year. Colleges may offer faculty members on sabbatical up to 100% of their base salary for single-semester sabbaticals.

In order to augment their compensation from the Employer, they may also accept one (1) or more non-service grants for research or study or otherwise may augment their compensation provided that the activities yielding the additional compensation do not interfere with the purpose of the sabbatical leave. Permission to receive additional income must be obtained from the Principal Administrator. In establishing the level of permissible sabbatical income, University-approved consulting activities that do not conflict with the purposes of the leave will not be considered when calculating the permissible level of income augmentation. Expenses related to the purposes of the leave may also be taken into account in determining the level of permissible income. Faculty members are encouraged to seek funding from non-University sources to cover the portion of salary not provided under this leave.

If the Member accepts compensation from sources other than the Employer and if such compensation exceeds one-half (1/2) of the salary to which they would have been entitled if they had performed their normal duties, the Employer may reduce the pay which it provides by the amount which such other compensation exceeds one-half (1/2) of the salary to which the Member would have been entitled if they had performed their duties. The salary and benefits paid during a sabbatical leave are not to be regarded as additional compensation for services already rendered but as contemporaneous compensation for services rendered by the faculty member in developing professional knowledge and skill for subsequent service to the University.

University of Minnesota system funds provided to the campus offset the costs of providing sabbaticals to faculty. The Principal Administrator may use these funds to replace teaching or other service of faculty on sabbatical or to supplement the salaries of faculty on sabbaticals. The Principal Administrator may elect to provide additional funds up to 100% of a faculty member’s base salary.

Length. A sabbatical leave may be for any continuous period of time which does not exceed 12 consecutive months. The sabbatical leave may include parts of more than one (1) academic year.

Purpose. A Member to whom the Employer grants a sabbatical leave shall use it only for research, study, teaching development or other creative or scholarly activity.

Reimbursement. If the Member to whom the Employer grants a sabbatical leave accepts employment with another employer prior to their completing one (1) academic year of employment with the Employer subsequent to them resuming their duties after completing their sabbatical leave, they shall reimburse the Employer for the salary and fringe benefits which the Employer paid to them during their sabbatical leave.

Procedure. If a Member wishes to take a sabbatical leave, they shall submit a written application to the head or division director of the department in which they are employed no later than eleven months prior to the date on which the sabbatical leave is to commence. The chair or head
shall forward the written application to the Principal Administrator with the chair or head's recommendation. The Employer shall make a reasonable attempt to accommodate the Member's request.

601.700 Notice. The Principal Administrator shall notify the Member in writing of the Employer's approval or disapproval of the Member's request within two (2) months after the Principal Administrator receives the Member's request. The Principal Administrator shall also identify to the Member, in writing, the reasons for the disapproval, if disapproved.

Sabbatical leaves should not be denied for administrative convenience; however, they may be delayed or restructured for up to one (1) year in order to relieve constraints upon department or unit budgets or to ensure that key courses remain available to students. If a delay is imposed by the college/campus, the period of eligibility for a subsequent sabbatical leave is reduced by the same period of time.

602.000 Single-Semester Leaves

602.100 Eligibility. A Member shall be eligible to apply for a single-semester leave with salary if they meet one (1) of the following conditions:

(b) They hold a full-time, regular appointment as an Assistant Professor (including Research Associate) and they shall have been appointed by the Employer for no less than two academic years at the time they propose to take the single-semester leave; or

(c) They hold a full-time, regular appointment as an Associate Professor or Professor and they shall have been appointed by the Employer for no less than one (1) academic year at the time they propose to take the single-semester leave, or

(d) They hold a full-time term appointment and they shall have been appointed for no less than three academic years at the time they propose to take the single-semester leave.

A Member shall not be eligible for a single-semester leave which is immediately to precede or to follow a sabbatical leave or a graduate school summer research grant.

Notwithstanding the above criteria, a Member shall be eligible to apply for a single-semester leave during the third academic year of service following the academic year in which they completed a single-semester leave.

602.200 Purpose. A Member shall use a single-semester leave only for study, research or other scholarly or creative activity which will strengthen the Member's knowledge, understanding or professional expertise and which is intended to benefit or improve teaching at the University and shall not use the leave to write a textbook. The single-semester leave proposal by a Member may include some course work.
Reimbursement. If a Member to whom the Employer grants a single-semester leave for Fall semester commences employment with another employer prior to completing their employment with the University for the academic year in which the leave occurs, they shall reimburse the Employer for the compensation (salary and fringe benefit costs) which the Employer paid to them during their single-semester leave. The Member must notify the Employer of their intent to leave one (1) full semester prior to leaving. If such notice is not given, the Member must complete two semesters of employment with the University or they shall be required to reimburse the Employer for the compensation (salary and fringe benefit costs) paid to them during their single-semester leave. For purposes of this Section, the summer period shall constitute a semester of employment. If a Member to whom the Employer grants a single-semester leave for Spring semester or summer period accepts employment with another employer prior to completing two semesters of their subsequent year of employment with the University, they shall reimburse the Employer for the compensation (salary and fringe benefit costs) which the Employer paid to them during their single-semester leave.

Procedure. If a Member wishes to take a single-semester leave, they shall submit a written application to the Principal Administrator through the head of the department in which they are employed prior to September 15. There shall be a review of all proposals for single-semester leaves from the Certified Unit faculties at UMD by faculty committees selected according to appropriate procedures. Proposals recommended by these committees shall be forwarded to the appropriate Principal Administrator for review and recommendation. That officer shall make a recommendation for each proposal in regard to merit and feasibility, and shall transmit only those that they recommend to the Executive Vice Chancellor for Academic Affairs prior to October 15. The Vice Chancellor shall review the proposals for merit and feasibility. If the Single Semester Quota or more applications are recommended by the UMD faculty, the Vice Chancellor must grant at least ten leaves from UMD. If fewer than the Single Semester Quota proposals are recommended by the Principal Administrators then the Vice Chancellor shall grant a number of leaves which is no less than two-thirds of the leaves recommended by the Principal Administrators. By November 1 the Vice Chancellor shall notify each Member who submitted a proposal of the approval or disapproval of their leave.

Formal Resolution

Step One. The Association may submit the grievance to the Principal Administrator by serving a signed, completed grievance form upon the Principal Administrator within thirty days from the date which the grievant, through the use of reasonable diligence, had or should have had knowledge of the events which give rise to the grievance. Within fifteen days of the Principal Administrator’s receiving the grievance form, the grievant and a representative of the Association or a representative of the Association shall meet with the Principal Administrator and shall attempt to resolve the grievance. The meeting shall be held in the office of the appropriate Principal Administrator or at a place designated pursuant to an agreement between the Association and the appropriate Principal Administrator. The Principal Administrator shall then respond to the grievant in writing within fifteen days of the meeting and shall serve their response upon the Association.

Step Two. If the grievance is not resolved after the formal meeting with the Principal Administrator, the Association may submit the grievance form upon the Chancellor or their designee within fifteen days after the receipt of the Step One response. Within fifteen days of the Chancellor's receiving the grievance form, the grievant and a representative of the Association or a representative of the Association shall meet with the Chancellor and shall attempt to resolve the grievance. The meeting shall be held in the office of the Chancellor or at a place designated pursuant to an agreement between the Association and the Chancellor. The Chancellor shall respond to the grievant in writing within fifteen days of the meeting and shall serve their response upon the Association.
801.330  **Step Three.** If the grievance is not resolved after the Chancellor has served their response upon the Association, the Association may seek review of the Chancellor's action by serving the grievance form and the Chancellor's response upon the President within ten days after the receipt of the Step Two response. Within fifteen days of the President's receiving the grievance form and the Chancellor's response, the grievant and the representative of the Association or a representative of the Association shall meet with the President or their designee and shall attempt to resolve the grievance. The meeting shall be held in the Regents' Room at UMD, or at a place designated pursuant to an agreement between the Association and the President. The President shall then respond to the grievant in writing within fifteen days of the meeting and shall serve their response upon the Association.

801.340  **Step Four**

801.341  **Arbitration.** In the event a grievance is not satisfactorily resolved after the President has served a response, the Association may submit a request for arbitration of the grievance by serving a written notice to that effect on the Secretary of the Regents within twenty days after receipt of the Step Three response.

The arbitration may be conducted by a sole arbitrator whom the Association and Employer mutually name. If a sole arbitrator cannot be named by mutual agreement no more than ten days after receipt of the request for arbitration, either the Association or the Employer may request the Director of the Bureau of Mediation Services to submit a list of at least five arbitrators. The Employer and the Association shall alternately strike one (1) name at a time, Employer striking first, from the list until there is only one (1) name remaining. The remaining name shall be the sole arbitrator. The selection of a sole arbitrator shall be completed no later than ten days after receipt of the list.

If either the Association or the Employer does not want to use a sole arbitrator, the arbitration shall be conducted by a panel of three persons: one (1) representative designated by the Association, one (1) representative designated by the Employer, and a third arbitrator chosen by the first two. The Association arbitrator and the Employer arbitrator shall be designated no later than twenty-five days after receipt of the request for arbitration. If the first two arbitrators cannot agree within five days on the third arbitrator, either the Association or the Employer may request the Director of the Bureau of Mediation Services to submit a list of five arbitrators. The Employer and the Association shall alternately strike one (1) name at a time from the list, Employer striking first, until there is only one (1) name remaining. The one (1) name remaining shall be the third panel member. The third panel member shall be notified by a joint letter which requests that a time and location for a hearing convenient to the participants be set.

If a sole arbitrator is used, the Employer and the Association shall each be responsible for one-half (1/2) of the arbitrator's fee. If the arbitration is conducted by a panel, the Employer and the Association shall be responsible for the cost of their respective arbitrator and one-half (1/2) of the third selected arbitrator's fee. Each party shall bear its own expenses.

801.342  **Questions of Arbitrability.** If any question arises as to arbitrability, the question shall be ruled upon by the panel or the sole arbitrator. Either party may appeal the panel's or sole arbitrator's ruling on the question of arbitrability to the Minnesota District Court pursuant to Chapter 572 of the Minnesota Statutes. Such appeal shall not be taken until the panel or sole arbitrator has ruled on all issues submitted to it. Until the issue of arbitrability has been finally resolved, implementation of the panel's or the sole arbitrator's decision shall be stayed automatically.
801.343 **Arbitrators' Decision Deadline.** The panel or the sole arbitrator shall hold a hearing promptly and shall issue a decision no later than twenty days from the date of the close of the hearing. The panel's or the sole arbitrator's decision shall be in writing and shall set forth the findings of fact, reasoning and conclusions on the issues submitted. The decision of the panel or sole arbitrator shall be final and binding upon the grievant, the Employer and the Association.

801.400 **Private Hearings.** All meetings and hearings conducted pursuant to this Grievance Procedure shall be private and shall include only the interested parties, their designated representatives, and any witnesses called relative to the proceedings.

801.410 **Effect of Time Limits.** By mutual agreement, the grievant and the Principal Administrator or the Association and the Principal Administrator, the Chancellor or the President may waive any step or extend any time limit established by this Section 800.000. However, if there is no waiver and if the grievant or the Association fails to adhere to a time limit established by this Section 800.000, the grievance shall be deemed resolved at the prior step. If the Principal Administrator, the Chancellor or the President fails to adhere to a time limit established by this Section 800.000, the Association may proceed to the next step.

801.420 **Withdrawal of Grievances.** The grievant or the Association may withdraw or reduce the scope of the grievance at any point in the grievance process.

801.430 **Order of Grievances.** Arbitrations shall be scheduled in the order in which the Secretary of the Regents receives notice of the Association's intent to request arbitration, except when the parties may mutually agree to either a different order, or to schedule more than one (1) grievance to be heard by a single panel or sole arbitrator. Any such mutual agreement shall be confirmed in writing.

801.440 **Joint Grievances.** The Employer and the Association may agree that identical or similar grievances may be handled jointly at any or all steps of this Grievance Procedure.

No such agreement shall be effective unless it is in writing and signed by an authorized representative of the Employer and by an authorized representative of the Association.

801.500 **Rights and Responsibilities of the Grievant, Employer and Association**

801.510 **No Reprisals.** No reprisals shall be taken by the University against any participant in the grievance procedure by reason of such participation.

801.520 **Personnel Files.** Except for the decision resulting from arbitration or settlement, all documents, communications and records dealing with the processing of a grievance shall be filed separately from the personnel files of the Members.

801.540 **University Responses.** A copy of the written University response to the grievant at each step of the grievance procedure shall be forwarded to the Association at the same time it is forwarded to the grievant.

801.600 **Altering Grievance Procedure**
By Association. If an administrative action affects Members in more than one (1) department or school, the Association shall have the right to file a grievance at the Step appropriate to the allegation or complaint being grieved. In all such cases the grievance shall be filed within twenty days following the act or omission giving rise to the grievance or the date on which the Association reasonably should have known of such act or omission, if that date is later, and the Association shall utilize the grievance form referred to in Step One. A grievance so presented shall be answered in writing within ten days of receipt of the grievance. In the event satisfactory resolution is not achieved by this action, the time limits and forwarding procedures set forth in Section 801.300 shall be applicable.

By Agreement. By mutual agreement between the Regents and the Association, any of the Steps set forth in Section 801.300 can be passed over. Any such mutual agreement shall be confirmed in writing.

Resolution Implementation. The resolution of any grievance shall be implemented as soon as reasonably possible. In no event shall the implementation of any resolution of a grievance be delayed beyond a time when implementation would render the resolution void or of no effect.

WORK RULES AND PRACTICES (UMD)

Employer's Right. The Chancellor and Principal Administrators or their designees, acting as agents of the Employer, shall follow past practices; they may change past practices, and establish unit work rules provided that such past practices, new practices, or unit work rules:

(a) Are consistent with this Agreement; and

(b) Are consistent with policies adopted by the Regents, provided that such policies do not conflict with this Agreement; and

(c) Are not arbitrary and capricious.

Association's Right. The Association shall be given reasonable notice and the right to meet and confer on new practices or the establishment of unit work rules prior to their being put into effect.

CONFIDENTIALITY

Student Information. The Employer shall not compel a Member to give information regarding students that violates the Employer's policy regarding confidentiality of such student information.

HEALTH AND SAFETY
920.100 **Intent of the Parties.** Both the Employer and the Association are dedicated to maintaining a safe and healthful working environment for Members. No Member shall be required to perform work under conditions which can reasonably be judged to represent a clear danger to that Member's health and/or safety.

920.200 **Employer's Obligation.** The Employer agrees that work space and equipment shall meet the standards set forth by applicable state and federal law regarding health and safety.

920.300 **Resolution of Safety Questions (UMD).** The Association and the Employer shall each designate an individual to represent them as safety officers. The Employer shall inform any affected Members of hazardous conditions of which the Employer is reasonably aware. A Member shall report an alleged hazardous condition of which they are reasonably aware to their immediate supervisor. If the supervisor's response is not satisfactory, the Member shall contact the Association's safety officer. If the Association's safety officer concludes that a Member's complaint is valid, the Association's safety officer shall contact the Director of Human Resources and shall arrange for a joint investigation of the matter. If the two agree on a recommendation for action, that recommendation shall be forwarded to the Executive Vice Chancellor for Academic Affairs. If they disagree on a recommendation or if the Vice Chancellor fails to implement their joint recommendation, the Association may attempt resolution through use of the Grievance Procedure of this Agreement, beginning with Step Two.

930.000 **EQUIPMENT AND CLOTHING**

The Employer shall continue to provide Members whose duties include laboratories or physical education with appropriate clothing and equipment in accordance with existing policy.

935.000 **TEXTBOOKS**

935.100 **Text Selection (UMD).** All textbooks and other teaching materials to be purchased or used by students shall be selected by the Member. In the event a Member selects a text written or edited by that Member for use in their classes, the Member shall follow the Employer's policy for approval of such use as presently in effect and as amended from time to time.

935.200 **Complimentary Copies.** In the event the Member demonstrates that the publisher will not provide a complimentary copy of a required text, the Employer shall provide a copy for the Member's use during the time the course is actually being offered. The copy shall be the Employer's property.

940.000 **OFFICE SPACE**

The Employer shall continue to provide Members with office space and office furniture comparable to that presently provided to Members. Changes in individual office assignments may be made following advance consultation with the Member's department head.

955.000 **PERSONNEL FILES (UMD)**

955.100 **Official Personnel Files.** The Employer shall maintain two official personnel files, one called the "Employment Record File" and the other the "Academic Record File," for each Member. Employment Record File shall be located at the office of the Executive Vice Chancellor for Academic Affairs and the Academic Record File shall be located at the office of the Principal
Administrator of the academic unit in which the Member is employed. The Employer may maintain other personnel files; however, the Employer shall only take action with respect to a Member based upon the information which is contained in the official personnel files (with the exclusion of Section 201.000).

955.200 Contents

Each Member shall be permitted to submit a written response to any document which the Employer includes in their official personnel file(s). The Employer shall include the written response in the Member's official personnel file(s).

955.500 Access. Each Member shall have reasonable access to their official personnel file(s) as well as information in other files regarding themselves which is available under state and federal law. The Employer shall provide copies of any document upon request. Upon the Member's written authorization, the Employer shall grant the Association or the Member's legal representative access to the Member's official personnel file(s) and to any information in other files, as referred to above, to which the Member would have access. The Employer shall provide forms for this purpose. Notwithstanding any provision of this agreement, access to documents contained in any personnel file should be provided in conformance with Minnesota Government Data Practices Act as amended from time to time.

955.600 Removal of Materials. The Employer shall not remove or permit any other person to remove material from an official personnel file unless the Employer and the Member agree in writing to such removal. Any document or portion of any document may be removed as a result of a grievance process under Section 800.000 of this agreement.

Notwithstanding Section 955.100, the Employer may take action with respect to a Member based upon the information which is contained in the Member's Promotion and Tenure File as provided in this Section 955.700 and in Section 201.000. When a Member is considered for a promotion or conferral of Indefinite Tenure, as provided in Section 201.000 of this Agreement, the Member with the Convenor's assistance shall prepare a Promotion and Tenure File. The information for the file may be drawn from the Academic Record File and may contain relevant materials from other sources. The Employer shall retain one (1) record copy of the file after the completion of the process, while the original file and all other copies shall be returned to the Member. Sections 955.300, 955.400, 955.500, and 955.600 shall apply to this Section 955.700.
955.800 **Confidentiality.** In addition to the access provided in Section 955.500, the Employer shall limit access to the Member's official personnel file(s) and Promotion and Tenure File to persons who perform legitimate roles in personnel matters, including the Procedure for Promotion or Conferral of Indefinite Tenure as provided in Sections 201.400, the Review of Probationary Members by Head as provided in Section 201.600, Review of Tenured Faculty Performance as provided in Section 201.700, and recommendations for Merit Adjustments as provided in Section 502.100.

980.000 **TOTALITY OF AGREEMENT**

980.100 **Acknowledgment (UMD).** The Employer and the Association acknowledge that during the negotiations which have resulted in this Agreement each had the unlimited right and opportunity to present demands and proposals with respect to all matters lawfully subject to collective bargaining, that all of the understandings and agreements reached by the Employer and the Association are set forth in this Agreement and that this Agreement constitutes the entire agreement between the Employer and the Association.

980.200 **Inconsistency.** In the event of any inconsistency of this Agreement with the Employer's rules, policies, or by-laws, this Agreement shall prevail.

980.300 **Right to Amend.** Nothing in this Agreement shall preclude the Employer and the Association from reaching an agreement to alter, amend, supplement, delete, enlarge or modify any of the provisions of this Agreement. However, such an agreement to alter, amend, supplement, delete,
enlarge or modify any of the provisions of this Agreement shall be effective only if it is in writing and if it has been executed by both the Employer and the Association.

980.400 **Contract Administration (UMD).** All understandings resulting from contract administration meetings or any other labor management forums may not extend, modify or nullify the Agreement between the Employer and the Association, unless the parties agree in accord with 980.300.

990.000 **CONFORMITY TO LAW AND SEVERABILITY**

The Employer and the Association intend that all provisions of this Agreement shall conform with applicable law. The provisions of this Agreement shall be deemed severable. If an enactment or decision of any legislative body or court or administrative agency of competent jurisdiction invalidates any provision of this Agreement or requires conduct inconsistent with any provision of this Agreement, that provision shall be deemed null and void except to the extent permitted by law. If any such provision is invalidated and deemed null and void, the invalidity of such a provision shall not affect any other provision of this Agreement, and all other provisions of this Agreement shall continue in full force and effect. When a provision of this Agreement that has been rendered invalid by this Section subsequently becomes legal as a result of a modification of applicable law during the term of this Agreement or extension thereof, the validity of such provision shall be renewed.

995.000 **DURATION OF AGREEMENT**

995.100 **Effective Date.** Unless this Agreement explicitly states that an item is retroactive, this Agreement shall become effective at the time of its approval by both the Employer and the Association and shall continue in full force and effect until June 30, 2023.

995.200 **Continuing Effect.** This Agreement shall be automatically renewed from year to year after June 30, 2023 unless either the Employer or the Association shall notify the other in writing no later than March 1, 2023, or no later than March 1 of any succeeding year in which either desires to meet and negotiate concerning the terms and conditions of employment for Members. This Agreement shall continue in full force and effect for the period during which the Employer and the Association meet and negotiate.

995.300 **Termination.** In the event that either the Employer or the Association desires to terminate this Agreement, it shall give written notice to the other party no less than ten days prior to the date on which it desires to terminate this Agreement, which date shall not be before the expiration of this Agreement pursuant to Section 995.200.

1000.000 **DISCIPLINE (UMD)**

1000.050 **Procedure.** If discipline of a Member is being considered, an investigation shall be conducted by the appropriate disciplining member of the Administration or their designee and the following actions shall be taken before any disciplinary action is imposed:

(a) The Member shall be given a written notice that identifies the proposed disciplinary action, sets forth the reasons for the disciplinary action, and presents the facts that gave rise to the decision to discipline the Member.
(b) A meeting shall be held that includes the Member, the member of the Administration who will be responsible for administering any contemplated disciplinary action, and an Association representative from the campus.

(1) A written notice of the date and time of the meeting shall be sent by registered or certified mail to the last known residence address of the Member concerned, via the Member’s campus e-mail address, and also by campus mail to the Member's campus address, if any. The written notice must be mailed at least seven (7) calendar days before the date on which the meeting is scheduled to be held. A copy of the notice shall be e-mailed to both the Association and the Association Grievance Officer.

(2) The meeting must be conducted in a manner that enables all present to hear the charge(s) presented and the response, if any, of the Member who is charged.

(c) The Member shall have an opportunity to present in writing any facts or evidence they feel are relevant to the charges and resulting investigation. The written response must be postmarked or e-mailed within ten calendar days of the meeting.

A Member who decides not to attend the meeting described in (b) above, indicates acceptance of the proposed discipline, and the Member waives their rights to the grievance process.

1000.075 Disciplinary Grievances. Any grievance filed because of disciplinary action being imposed shall be initiated at Step Two.

1000.100 Disciplinary Action. Disciplinary action may be imposed upon a Member for just cause. Disciplinary action or measure shall include only the following:

(a) documented verbal reprimand;

(b) written reprimand;

(c) suspension with or without pay;

(d) termination.

The Association and the Employer agree that repeated and unremedied behaviors may warrant progressive discipline. The Association and the Employer also agree that, depending on the severity of the conduct and/or on the specific circumstances under consideration, the discipline does not have to start with the lowest form.

A Member who is to be disciplined has the right to request and have an Association representative present when the disciplinary action is taken.

1000.150 Discipline Records. Upon written or verbal request of a Member, if no disciplinary action is taken against that Member for one (1) year following a written reprimand, the reprimand and related materials shall be removed from the Member's official personnel files as defined in Section 955.100.
If no disciplinary action resulting in a suspension is taken for two (2) years after a suspension [three (3) years after a suspension for student abuse, sexual harassment, or physical assault], upon written or verbal request of a Member the record of that suspension and related materials shall be removed from the Member's official personnel files as defined in Section 955.100 and given to the Member.

If following an investigation of a Member for possible disciplinary action, no disciplinary action is taken, then all record of such investigation shall be removed from the Member's official personnel files as defined in Section 955.100.

1000.200 Written Reprimand. If a written reprimand is given to a Member it shall be done in a manner that will not embarrass the Member before the other employees, students or the public. The Member shall be given the opportunity to respond to any written reprimand and the response shall be entered in the Member's official personnel file(s) along with the reprimand. The Member shall be given a copy of any entry in their official personnel file(s) and shall be permitted to insert a response thereto. Only such material as is entered in the Member's official personnel file(s) shall be used as evidence in any subsequent disciplinary action or hearing.

If it is determined through the Grievance Procedure that a written reprimand was issued without just cause, such reprimand shall be removed from the Member's official personnel files as defined in Section 955.100.

1000.300 Suspension. A Member may be suspended for up to 90 calendar days with or without pay for just cause. The Member shall be notified in writing of a proposed suspension, specifying the reasons.

1000.400 Dismissal for Cause. A Member may be dismissed for just cause upon ten calendar days advance written notice. The reason for the dismissal must be stated in the notice to the Member.

1000.500 Grievability. Disciplinary actions for just cause shall be subject to the Grievance Procedure. A Member dismissed for cause may initiate the grievance at Step Two. If a Member fails to grieve a disciplinary action in a timely manner pursuant to Section 800.000, such Member is considered to have waived their right to appeal as provided in this Agreement.

1000.600 Arbitration Hearing. At any arbitration hearing concerning disciplinary actions for just cause, both the Member and the Employer shall have the right to be represented by counsel, to be heard, to have witnesses testify, to see all evidence and to cross-examine all witnesses. The Employer assumes the burden of substantiating the charges through presentation of proper, relevant and sufficient evidence. The hearing shall be open or closed at the mutual agreement of the parties.

1050.000 CONTINUING EDUCATION AND/OR RESTORATIVE JUSTICE.

The Association and Employer agree a continuing education plan and/or restorative justice measure may be appropriate either when combined with a disciplinary action or when not combined with such an action. The Association and the Employer agree that if a plan or measure is to be created, such a plan or measure must be created after offering individual consultations to all the parties involved.

If consensus regarding a continuing education plan or restorative justice measure cannot be reached when disciplinary action is involved, disciplinary action alone will be imposed by the Employer, with the final decision for the discipline resting with the Employer.
Section 1050.000 will be in effect only for the duration of this Collective Bargaining Agreement.

1100.000 CONFLICT OF INTEREST

1200.000 OUTSIDE CONSULTING AND OTHER COMMITMENTS.

1200.100 Members' Obligation. Members shall follow the Employer's policy on Outside Consulting and Other Commitments as presently in effect and as amended by the Employer from time to time, except to the extent that provisions of this Agreement modify the application of or supersede this policy.

1200.200 Notification. The Employer, in accordance with Section 850.000, shall notify the Association of any intended amendment of the Employer's policy.

1300.000 NO STRIKE--NO LOCK OUT

1300.100 Lock Outs. No lock out of Members shall be instituted by the Employer during the term of this Agreement.

1300.200 Strikes (UMD). During the term of this Agreement no strike of any kind, as defined in Minnesota Statutes 179.63, Subdivision 12, shall be engaged in, sanctioned or supported by the Association, its officers or agents. In the event the Employer alleges that any Member or Members are engaged in a strike, the Association shall, upon written notification, immediately notify such Member or Members in writing of the allegation and the implications of a strike.

1400.000 INTELLECTUAL PROPERTY (UMD)

1405.000 Purpose. This policy exists to encourage research and innovation, clarify ownership of intellectual property rights, create opportunities for public use of University innovations, and provide for the equitable distribution of monetary and other benefits derived from intellectual property.

1410.000 Effective Date. This policy is effective retroactive to October 8, 1999 for all Members.

1420.000 Creator. "Creator" means the individual or group of individuals who invented, authored, or were otherwise responsible for the intellectual creation of the intellectual property, as defined in the applicable intellectual property statutes.

1420.200 Intellectual Property. "Intellectual property" means any invention, discovery, improvement, copyrightable work, integrated circuit mask work, trademark, trade secret, and licensable know-how and related rights. Intellectual property includes, but is not limited to, individual or multimedia works of art or music, records of confidential information generated or maintained by the University, data, texts, instructional materials, tests, bibliographies, research findings, organisms, cells, viruses, DNA sequences, other biological materials, probes, crystallographic
coordinates, plant lines, chemical compounds, and theses. Intellectual property may exist in a written or electronic form, may be raw or derived, and may be in the form of text, multimedia, computer programs, spreadsheets, formatted fields in records or forms within files, databases, graphics, digital images, video and audio recordings, live video or audio broadcasts, performances, two or three-dimensional works of art, musical compositions, executions of processes, film, film strips, slides, charts, transparencies, other visual/aural aids or CD-ROMS.

1420.300 **Net Income.** "Net income" means the gross monetary payments the University receives as a result of transferring rights in the intellectual property less the University's out-of-pocket expenditures (including legal fees) directly attributable to protecting, developing, and transferring that intellectual property.

1420.400 **Regular Academic Work Product.** "Regular academic work product" means any copyrightable work product which is an artistic creation or which constitutes, or is intended to disseminate the results of, academic research or scholarly study. Regular academic work product includes, but is not limited to, books, class notes, theses and dissertations, course materials designed for the web, distance education and other technology-oriented educational materials, articles, poems, musical works, dramatic works, pantomimes and choreographic works, pictorial, graphic and sculptural works, or other works of artistic imagination. Software specifically needed to support a regular academic work product or which is designed to disseminate the results of academic research and scholarly study is also considered a regular academic work product.

1420.500 **Specially Commissioned Work.** "Specially Commissioned Work" means a work specially ordered or commissioned and which the University and the creator expressly agree in a written instrument signed by them shall be considered as such.

1430.000 **University Ownership.** Subject to the exceptions in Section 1440.000, the University shall be the sole owner of all intellectual property created through the use of University resources or facilities, supported directly or indirectly by funds administered by the University, developed within the scope of employment by Members, agreed in writing to be a specially commissioned work, or assigned in writing to the University.

1440.000 **Exceptions to University Ownership.**

1440.100 **Regular Academic Work Product.** A regular academic work product is owned by the creator and not the University. This subdivision does not apply to a regular academic work product that is assigned in writing to the University or specifically ordered or commissioned and designated in writing by the creator and University as a specially commissioned work.

1440.200 **Course Requirement.** Intellectual property created solely for the purpose of satisfying a course requirement is owned by the creator and not the University. This subdivision does not apply if the creator assigns ownership rights in the intellectual property to the University in writing or assignment of such ownership rights to the University is made a condition for participation in a course.

1440.300 **Pre-Existing Rights.** If the intellectual property referred to in Sections 1440.100 and 1440.200 is a derivative of or otherwise uses preexisting University-owned intellectual property, this section shall not prevent the University from asserting its preexisting rights.
Contractual Agreements. For intellectual property created in the course of or pursuant to
sponsored research, external sales, industrial affiliates programs, or other contractual
arrangements with external (non-University) parties, ownership will be determined in accordance
with the terms of the University's agreement with the external party and applicable law.

Outside Consulting Activities. For intellectual property created in the course of or pursuant to
activities that fall within and comply with Section 1200.000, ownership will be determined in
accordance with the terms of any agreement governing intellectual property developed pursuant
to such activities.

Use of Intellectual Property.

Rights to Publish. Nothing in this policy shall be construed as affecting the rights of a creator to
publish, except that the creator must agree to observe a brief period of delay in publication or
external dissemination if the University so requests and such a delay is necessary to permit the
University to secure protections for intellectual property disclosed to it by the creator.

Use of Teaching Materials. In order to facilitate joint work on teaching materials and support
collaborative teaching, and notwithstanding the ownership rights otherwise granted by this
policy, individuals who contribute teaching materials used in jointly developed and taught
University courses thereby grant a nonexclusive, nontransferable license to the University to
permit other contributors to the course to continue using those jointly produced teaching
materials in University courses.

Distribution of Income.

Academic Research or Scholarly Study. Unless otherwise agreed in writing by the University
and creator, in the event that the University receives income from intellectual property that is
derived from academic research or scholarly study, that is disclosed to and licensed or otherwise
transferred by the University's technology transfer unit, and that is not agreed in writing to be a
specially commissioned work, any net income will be divided as follows:

a) 33-1/3% to the creator;

b) 33-1/3% to the Office of the Vice President for Research to support the University's
technology transfer unit and to support research and scholarly activity at the University;

c) 8% to the creator's colleges or schools that supported the creation of the intellectual
property; and

d) 25-1/3% to the department, division, or center that supported the creation of the
intellectual property to be spent in support of the creator's research or other directly
related University work.

Changes to Distribution. Changes to the distribution of income under Section 1460.100 c) and d)
may be appropriate if the income to a department, division, or center becomes disproportionate
compared to the unit's budget or if there are administrative organizational changes, including
movement of the creator among units. Decisions about redistribution of income under such
circumstances shall be made by the vice president for research in consultation with the Senate
Committee on Research and the deans of the appropriate colleges or schools.
Other Intellectual Property. If the University receives income from intellectual property disclosed to and licensed or otherwise transferred by the University's technology transfer unit and not covered by sections 1460.100 and 1460.200, it may be appropriate to share some portion of the net income with the creator in the form of a bonus or other temporary salary supplement. Any such distribution will be made in the discretion of the vice president for research in consultation with the creator's supervisor.

University Responsibilities. The University shall have the responsibility to:

a) provide oversight of intellectual property management and technology transfer,

b) establish effective procedures for licensing and patenting intellectual property,

c) promote effective distribution and marketing of intellectual property,

d) protect the University's intellectual property, and

e) inform individuals covered by this policy about its provisions.

Responsibilities of Applicable Individuals. All Members have a responsibility to:

a) adhere to the principles embodied in this policy;

b) sign, when so requested by the University, the University's Intellectual Property Policy Acknowledgment;

c) create, retain, and use intellectual property according to the applicable local, state, federal, and international laws and University policies;

d) disclose promptly in writing intellectual property owned by the University pursuant to this policy or created pursuant to sponsored research or other contractual arrangements with external parties that are governed by Section 1440.500 and assign title to such intellectual property to the University or its designee to enable the University to satisfy the terms of any applicable funding or contractual arrangement; and

e) cooperate with the University in securing and protecting the University's intellectual property, including cooperation in obtaining patent, copyright, or other suitable protection for such intellectual property and in legal actions taken in response to infringement.

Compliance. Failure to comply with the provisions of this policy is a violation and may result in discipline of a Member in accordance with applicable University policies and procedures.
Article 002.150 of the collective bargaining agreement defines a member under the provision of PELRA. For purposes of clarification, the parties have agreed to calculate the percent time in the following manner for purposes of defining a member of this bargaining unit.

Calculation of an employee’s workload (percent time) for determination of eligibility in the bargaining unit shall include teaching and service appointments, including continuing education and distributed education. Articles 255.300 – 255.400 of the collective bargaining agreement shall apply to continuing education workload issues. The employer shall use the following formula to calculate the appointment percentage to determine whether faculty assignments exceed the 35% appointment provision and are part of the bargaining unit.

\[
\text{Credit Hour Assignment} = \text{Contact hour limit number} \times 1.50 \times 0.85 \times 0.35
\]

Contact hour limit number is taken from Table 1 of Article 250.222. Faculty are part of the bargaining unit when their contact hour appointment is greater than the Credit Hour Assignment.

It is agreed and understood between the parties that the following constitutes a full and final agreement regarding “achieve a mutual agreement” in the development of goals, indices, and expectations in the Review of Tenured Faculty Performance (Section 201.700).

If a mutual agreement is not reached between the Principal Administrator and the tenured faculty of an academic unit, the matter shall be referred to a Meet and Consult session between the Association’s and Employer’s consultants (Section 965.000).

No change in goals indices, and expectations shall be made until an agreement is reached.

Re: Distributed Education

Re: Guidelines for faculty member compensation for the development and delivery of new or modified courses offered as Distributed Education or other forms of Non-Traditional Educational Delivery

1. TRAVEL

1.1 If a Member is required to travel to a remote site (more than 20 miles from the UMD campus) for delivery of a course, or for other course related matters, at a minimum the Member shall be compensated for travel expenses according to existing University policy.

1.2 If travel to a remote site is required on a regular basis (10 or more hours of travel per course), additional compensation of $15/hour of travel shall be provided.

1.3 If total teaching, preparation (on-site), and travel time is greater than 8 hours, or if travel distance is greater than 50 miles and course starting time is before 9 am or course ending time is later than 8 pm, the member will be reimbursed for an overnight stay.

1.4 Additional compensation or incentives for travel to a remote site above the minimum described above may be negotiated by the Member, Department Head, and the Principal Administrator.

2 COURSE DEVELOPMENT

2.1 Courses vary considerably in amount of development needed. A member proposing to develop a new course or to modify an existing course for distributed education, delivery at a remote site, or taught in accelerated or other non-traditional formats shall provide the administration an estimate, in hours, of
the development time required. It is expected that the member will consult with their department head and other department or collegiate members in developing this estimate.

2.2 Compensation must have real value to the developer and be appropriate to the level of activity. It may include extra contact hours, workload reduction, salary augmentation, access to a TA, and/or equipment. The actual compensation shall be related to the amount of time the developer and department propose the task will take. This depends on the type of course offering, number of students in a section, and the salary level of the member developing the course.

2.3 After review of the estimate provided by the member for development/modification of a course for distributed education, delivery at a remote site, or taught in accelerated or other non-traditional formats, the Principal Administrator, the Member and the Member’s Department Head will agree in writing on the compensation amount, time frame, and other assistance that will be provided. Failure to reach an agreement shall not grievable.

3 DELIVERY

3.1 Delivery of a course using distributed education methods varies considerably in amount of additional effort required. Compensation must be based on consideration of these variables. A member proposing to deliver a course using some form of distance education, delivery at a remote site, or taught in accelerated or other non-traditional formats shall provide the administration an estimate, in hours, of the additional time required. It is expected that a member will consult with their department head and other department or collegiate members in developing this estimate.

3.2 Compensation must have real value to the deliverer and be appropriate to the level of activity. It may include extra contact hours, workload reduction, salary augmentation, access to a TA, and/or equipment. The actual compensation shall be related to the amount of time, type of course, and number of students in a section that the deliverer and department propose for the course, and the salary level of the member developing the course.

3.3 After review of the estimate provided by the member for delivery of a distributed education course, delivery at a remote site, or taught in accelerated or other non-traditional formats, the Principal Administrator, the Member and the Member’s Department Head will agree in writing on the compensation amount, time frame, and other assistance that will be provided. Failure to reach such a new agreement shall not grievable.

3.4 Negotiated agreements for a particular course may be reopened if significantly increased numbers of hours are needed due to conditions outside of a member's control.

4 INTELLECTUAL PROPERTY

4.1 Current agreement has two options
   - Regular academic work product (Member has ownership)
   - Specially commissioned work (University has ownership)

4.2 Specially commissioned work requires a signed agreement between the member and the administration (University policy and UEA contract section 1400.000). Other arrangements are allowed under the contract by negotiated agreement between member and administration.

Upon request of the Association, the Employer shall meet Association representatives to discuss the use of Term faculty.

2. Appointments of two (2) consecutive semesters shall be assigned a set percentage for the entire term of the appointment.
3. Consistent with its rights provided in Section 002.164, the Employer shall evaluate its use of Term appointments and shall attempt to use more multi-year appointment.

4. Understanding that earlier notices of reappointment are in the interest of the Members and that the Employer's ability to provide earlier notices of reappointment is subject to factors outside its control, the Employer shall continue its efforts to provide earlier notice of reappointment to Term faculty.

Re: Conflict of Interest

If, during the life of this Agreement, the University revises its policy on Conflict of Interest, the parties agree to meet and confer on the applicability, if any of such policy to the Members.
The University of Minnesota Duluth (UMD) and University Education Association - Duluth (UEA-D) agree to conduct a salary review for UMD faculty during FY22. The salary review shall be an analysis of UMD faculty base salaries using compensation practices and market data for similar institutions.

The FY22 Salary Review process shall consist of the following:

1. Beginning in fall 2021, the University of MN system’s central Office of Human Resources (OHR) compensation division shall conduct a comprehensive salary study of the annual base salaries of UMD faculty members. The goal of the study is to compare the annual base salaries of UMD faculty by discipline and rank against the salary data of the appropriate market.

2. In September/October, 2021, a UEA-D/UMD Joint Faculty Salary Review Workgroup (Workgroup) composed of selected UMD administrators and selected UEA-D representatives shall form. The Workgroup shall meet with OHR compensation division representatives (OHR Comp Reps) at a Labor Management Meet and Confer session on the UMD campus. The meeting's purpose to identify and discuss the industry standard surveys available for a faculty salary study. The parties shall also identify and select the closest Classification of Instructional Programs (CIP) codes available in the salary surveys which match with UMD faculty disciplines.

3. At the same meeting described in item 2, the parties shall also discuss the market identified by the OHR Comp Reps for comparison with UMD's faculty base salaries. The OHR Comp Reps shall explain in detail how they reached their conclusion on the appropriate market, including, but not limited to, why a particular market or data slice shall provide the most relevant and useful data for this salary study.

4. After the meeting discussed in items 2 and 3, OHR Compensation shall hire an outside consultant with faculty compensation expertise to review and offer feedback on the surveys and market/data slice selected by the OHR Comp Reps for the salary study. OHR shall cover all consultant costs. The outside consultant’s conclusions shall be provided to the OHR Comp Reps and the Workgroup as soon as they are available.

5. Prior to beginning the salary study, OHR Comp Reps shall evaluate any changes recommended by the consultant regarding OHR’s selected salary surveys and/or the identified appropriate comparison market. The OHR Comp Reps shall update the Workgroup regarding any changes made. If the UEA-D Workgroup representatives do not agree with either the salary surveys and/or the market determined appropriate by OHR Comp Reps and seconded by the outside consultant, it shall be UEA-D’s prerogative to seek out and pay for their own individual consultant to conduct a separate salary study using the salary surveys and/or market UEA-D prefers.

6. In late December 2021/early January 2022, OHR Comp Reps shall conduct the salary study. Once the study is complete, OHR Comp Reps shall share the study’s outcomes with the Workgroup. OHR will prepare a de-identified version of the study which UEA-D may distribute to its Members. OHR Comp
Reps or their designee(s) shall also present the study's conclusions at the appropriate Board of Regents meeting in spring 2022.

7. The Workgroup shall meet to examine and discuss the OHR salary study results. They shall then prepare faculty salary adjustment recommendations for UMD administration and UEA-D leadership. UMD's administration shall review the recommendations and share the information with University of Minnesota OHR Compensation.

8. University of Minnesota OHR Compensation shall review the Workgroup recommendations. University of Minnesota OHR shall then prepare and provide the Workgroup a model which outlines proposed base salary adjustments. The model shall balance the University's resources with the need to address faculty salaries in the disciplines which are difficult to recruit/retain and/or paid below market. The Workgroup shall share their feedback about the model with OHR Compensation.

9. UMD administration shall retain final decision-making authority for actions based on the recommended model. Any action taken based on this model shall be contingent on prior Board of Regents approval.

This MOU expires June 30, 2023.

609.120 **Eligibility.** A tenured faculty member is eligible to apply for a sabbatical leave of up to one year after six academic years of service. A term faculty member may be awarded a sabbatical leave of up to one year after six academic years of service.

An academic or fiscal year of service must be earned within a regular faculty appointment or a term faculty appointment. Service credit is earned during periods of paid or unpaid approved leaves of absence except those noted, as long as the individual still fulfills the definition of an academic year of service or a fiscal year of service. Service credit is not earned during personal leaves taken for reasons that do not relate to the faculty member's discipline or University responsibilities, or time spent on a sabbatical leave. Although service credit is not accrued during these times, it is not considered a break in service. All other eligibility requirements as defined in this section must be met.

An academic or fiscal year of service toward a sabbatical leave must be earned within a regular faculty appointment or a term faculty appointment. Prior academic service at another university in which sabbatical or other developmental leaves are granted may be credited toward years of service for a new faculty in consideration of a sabbatical leave. Normally, no more than three years of credit may be granted for service at another institution.

All service credit toward eligibility is suspended in an appointment year where there is strong evidence that the faculty member's appointment will be terminated prior to what otherwise would be the end date of the period of the leave plus the required return to service period. Accumulation of years of service toward a sabbatical leave is lost upon retirement, resignation, notice of non-reappointment, or termination of appointment.

Credit is not accrued for future sabbatical leaves during the following approved leaves: 1) sabbatical leave; however, for any sabbatical leave of a semester's duration, the second semester (or second half of the year, as appropriate) shall be credited toward future single semester or sabbatical leaves; 2) approved leave of absence without pay, including, but not limited to a personal/family leave; a leave to accept a fellowship or grant; a leave to accept a visiting or other appointment in another university, campus or business; or a leave to serve elsewhere on a teaching or technical assistance project not administered by the University; or 3) approved leave of absence with pay other than an approved single semester leave or other unit development leave. Although service credit is not accrued during this time, it is not considered a break in service.

609.130 **Accrual of Credit.** No more than six years of credit may accrue toward a sabbatical leave. Credit toward a sabbatical leave is accrued during continuous years of service. Such credit is for the purpose of a sabbatical leave and cannot be cashed out or traded for other benefits.

609.140 **Process and Procedure.** The number of single semester sabbatical leaves available at UMC shall generally be limited to no less than 5% of those eligible under the provision outlined in Section 609.120. UMC will not typically limit the number of two-semester or full year sabbatical leaves other than for reasons as outlined in 609.150.. Faculty meeting eligibility for and interested in a sabbatical leave should submit applications to the Division Head by November 1st for consideration.

During years when at least one faculty member is awarded a single-semester sabbatical leave, supplemental fund allocations by the Executive Vice President and Provost (Provost) will be used by UMC to offset the cost of the leave. In the event that no faculty are awarded a single-semester sabbatical leave, tenured faculty taking a sabbatical leave for nine months or longer
may compete for supplementary funding to cover up to an additional 30 percent of their recurring base salary (not including fringe), not to exceed $30,000. The Provost funds two-thirds of the supplemental pool and UMC funds one-third. The procedures with regard to these requests are established by the campus with review by the Division Head and Vice Chancellor for Academic and Student Affairs.

Sabbatical leaves for tenured faculty are awarded on the basis of years of service and review within the department and campus, subject to approval by the Chancellor. Sabbatical leaves for term faculty are awarded on the basis of availability of funds and approval by both the Division Head and the Vice Chancellor for Academic and Student Affairs, in addition to years of service and review within the department and campus.

609.150 Approval. The Chancellor grants final approval for sabbatical leaves. Sabbatical leaves shall normally be awarded and announced not later than January 16. Sabbatical leaves for faculty on academic year (nine-month) appointments shall begin and end so as to coincide with the beginning and ending of semesters; for faculty on fiscal-year appointments, leave shall be scheduled at times reasonable and convenient for the department and unit.

Although worthy sabbatical leaves may not be denied for administrative convenience, the Vice Chancellor for Academic and Student Affairs may delay and restructure them for up to one year in order to relieve constraints upon department or campus budgets or to ensure that key courses remain available to students. Any delay or restructure will be announced not later than January 16. Such delay reduces by the same time the period of eligibility for a subsequent sabbatical leave.

Sabbatical leaves of one semester are compensated at full salary and full benefits. Sabbatical leaves longer than one semester are compensated at one-half salary and full benefits. The salary during the leave is based upon the faculty member's regular University salary at the time the leave is initiated. The salary and benefits paid during a sabbatical leave are not to be regarded as additional compensation for services already rendered but as contemporaneous compensation for services rendered by the faculty member in developing professional knowledge and skill for subsequent service to students and the University.

Faculty members on sabbatical leave may augment their sabbatical income up to the level of their regular University salary, provided that the activities yielding the additional compensation are consistent with the purpose of the sabbatical leave. Permission must be obtained from the Division Head and the Vice Chancellor for Academic and Student Affairs. In establishing the level of permissible sabbatical income, University-approved consulting activities in which the faculty member has been engaged, that do not conflict with the purposes of the leave, shall not be considered. Expenses related to the purposes of the leave may also be taken into account in determining the level of permissible income. Faculty members are encouraged to seek funding from non-University sources to cover the portion of salary not provided under multiple semester of full year leaves. Faculty members are to file with their department and campus a summary report addressing the results of the work done while on leave. The report is to be submitted within three months of their return from leave.

609.160 Length of Leave. A sabbatical leave may be granted for one or two semesters for faculty on an academic year appointment, or five and one-half months, or eleven months for faculty on a fiscal year appointment. A leave of more than one semester normally is taken in consecutive (fall, spring) terms. For choosing to take a sabbatical leave of one semester only, the privilege to the second semester (or second half of the year) is waived.
Obligations. Faculty members granted sabbatical leaves must return to University service immediately following the leave for a period of time at least equal to the period of the leave, and at the percentage of appointment held during the leave. A delay to return to service may be granted by the Vice Chancellor for Academic and Student Affairs, with concurrence of the Division Head, for a period without pay, not longer than the period of the leave. Faculty members who do not return or return for only a portion of the time due and have not been granted a written waiver must reimburse the University for all or a prorated amount of the salary, retirement contributions, and value of benefits received during the leave.

Term faculty members who do not receive a reappointment during the period of the sabbatical leave shall be granted a written waiver. The term faculty member is not required to return to the unit for a period at least equal to the period of leave and is not required to reimburse the University for the amount of salary, retirement contributions, and all other fringe benefits received during the leave.

Single Semester Leave (UMC)

Purpose. Single semester leaves are designed to provide faculty members with the opportunity to acquire new skills and knowledge, to enhance communication of knowledge to students and society, and to create new uses for the knowledge made available. UMC recognizes that rapid changes in the nature and number of tasks to be carried out by faculty members in their teaching, research, creative and outreach activities have made it necessary for them to acquire new skills and knowledge in order to discharge their duties in the best manner possible.

Single semester leaves are designed to bring benefit to the individual, the students and the University of Minnesota (University); to the citizens of the state; and all who are affected by the research, teaching, creative activity, and service to society that are the University's mission. Single semester development leaves aid in attracting and retaining faculty dedicated to teaching, research and service/outreach; and ensure the future vitality and quality of the University.

Eligibility. Probationary and term faculty are eligible for a single semester leave after two academic or fiscal years of service in a University faculty appointment of 67 percent time or greater. Tenured faculty are eligible for a single semester leave after four academic or fiscal years of service in an appointment of 67 percent time or greater.

An academic or fiscal year of service must be earned within a regular faculty appointment or a term faculty appointment. Service credit is earned during periods of paid or unpaid approved leaves of absence except those noted, as long as the individual still fulfills the definition of an academic year of service or a fiscal year of service. Service credit is not earned during personal leaves taken for reasons that do not relate to the faculty member's discipline or University responsibilities, or time spent on a sabbatical leave. Although service credit is not accrued during these times, it is not considered a break in service.

All service credit toward eligibility is suspended in an appointment year where there is strong evidence that the faculty member's appointment will be terminated prior to what otherwise would be the end date of the period of the leave plus the required return to service period. Accumulation of years of service toward a single semester leave is lost upon retirement, resignation, notice of non reappointment, or termination of appointment.
609.230 **Process and Procedure.** The number of single semester leaves available at UMC is determined by the Provost. Up to four percent of the regular faculty at the probationary rank of Instructor or probationary and tenured ranks of Assistant Professor, Associate Professor or Professor can be authorized for single semester leaves.

Competition for single semester leaves takes place at departmental and collegiate levels. Single semester leaves may be granted to term faculty holding the rank of Instructor, Assistant Professor, Associate Professor or Professor at the discretion of the Division Head, Vice Chancellor for Academic and Student Affairs, and Chancellor.

Early in the academic year, the Vice Chancellor for Academic and Student Affairs will issue a call for proposals for leaves to be taken during the following academic year. The call for proposals will include 1) number of single semester leaves available for the next academic year, 2) policy and procedures relating to faculty development leaves, and 3) application deadline of November 1st. Faculty meeting eligibility for and interested in a single semester leave should complete the appropriate application form and submit it prior to the deadline to the Division Head for consideration.

Single semester leaves for regular faculty are awarded on the basis of years of service and results of the review of the proposal by the Division Head and Vice Chancellor for Academic and Student Affairs, subject to final approval by the Chancellor. Preference shall be given to tenure-track faculty. Exceptional circumstances and applications from tenured faculty shall also be considered. Single semester leaves for term faculty are awarded on the basis of availability of funds and the review of the proposal and approval by the Division Head, Vice Chancellor for Academic and Student Affairs, and the Chancellor, in addition to years of service.

609.240 **Approval.** The Chancellor grants final approval for single semester leaves. Single semester leaves shall be awarded and announced no later than January 16. The time at which an approved single semester leave is taken is agreed to by the Division Head. Single semester leaves for faculty on academic year (nine-month) appointments shall begin and end so as to coincide with the beginning and ending of a semester; for faculty on fiscal year (greater than nine-month) appointments leave shall be scheduled at times reasonable and convenient for the department and UMC.

An approved single semester leave is at full salary and benefits. The salary and benefits paid during a single semester leave are not to be regarded as additional compensation for services already rendered, but as contemporaneous compensation for services rendered by the faculty member in developing professional knowledge and skill for subsequent service to students and the University. Faculty members are to file with their department and campus a summary report addressing the results of the work done while on leave. The report is to be submitted within three months of their return from leave.

609.250 **Obligations.** Faculty members granted single semester leaves must return to University service immediately following the leave for a period of time at least equal to the period of the leave and at the percentage of appointment held during the leave. A delay to return to service may be granted by the Vice Chancellor for Academic and Student Affairs, with concurrence of the Division Head, for a period without pay, not longer than the period of the leave. Faculty members who do not return or return for only a portion of the time due and have not been granted a written waiver must reimburse the University for all or a prorated amount of the salary, retirement contributions, and value of benefits received during the leave.
Term faculty members who do not receive a reappointment during the period of the single semester leave shall be granted a written waiver. The term faculty member is not required to return to the unit for a period at least equal to the period of leave and is not required to reimburse the University for the amount of salary, retirement contributions, and all other fringe benefits received during the leave.

609.260 Frequency of Leave. Subsequent single semester leaves may be taken following four additional eligible years of service, in a University faculty appointment of 67 percent time or greater.

Re: UEA-C Salary Equity Review and Adjustments

The University of Minnesota Crookston (UMC) and University Education Association – Crookston (UEA-C) agree to conduct a salary equity review for UEA-C Members. The salary equity review will be an analysis of base salaries using compensation practices. The process will consist of the following:
• An updated salary study will be conducted and distributed to UMC administration and UEA-C leadership by November 19, 2021.
• For each year of the current contract, a Joint UEA-C/Administrative Workgroup will review salary study data and identify outliers for additional analysis. UEA-C members who have salary equity concerns may identify and bring them forward to the Joint UEA-C/Administrative Workgroup for consideration.
An academic administrator who has salary equity concerns regarding a UEA-C member may identify and bring them forward to the Joint UEA-C/Administrative Workgroup for consideration.

- Using mutually agreed upon shared value statements, the Joint UEA-C/Administrative Workgroup will examine data and prepare salary equity adjustment recommendations based on that year’s salary equity adjustment budget and submit them to UEA-C leadership and UMC administration. Recommendations will be provided during the spring semester of each fiscal year.
- Final salary adjustment decisions will be made by administration, dependent on designated funding. Adjustments determined during the fiscal year will become effective at the beginning of the following fiscal year. Rationale for salary adjustment decisions will be communicated through the meet and confer process.
- Salary equity allocations will be made as follows (2):
  - $10,000 will be provided for the purpose of adjusting UEA-C faculty salaries in FY2023 based on FY2022 recommendations.

Re: UEA-C Promotion of Term Faculty

The University of Minnesota Crookston (UMC) and University Education Association Crookston (UEA-C) agree to conduct reviews for promotion of UEA-C Members on Term Appointments. After 6 years of continuous service, a Term faculty member can be considered for promotion. If a promotion is granted for a Term faculty member, the title of Senior Instructor will be conferred upon the Member and a promotional salary increase will be given. This amount will be equivalent to that outlined in the University of Minnesota Academic Salary Memo for a Member who is promoted from Assistant Professor to Associate Professor.

The process for reviewing a Term faculty member for promotion will be the same as for Members who are regular faculty being considered for tenure, with the following exceptions.

1. Scholarly activity is not an expectation of a Term Appointment. Thus, a distinct portion of the Member’s dossier will not be devoted to scholarly activity. If the Member has engaged in scholarly activity and wishes to include this in their dossier, they may do so in the context of their teaching and/or service activities.
2. Reviews or letters typically found in a tenure/promotion dossier from sources external to UMC may come from UMC sources.
3. The Campus Promotion and Tenure Committee will not review the dossier or provide a recommendation.
4. The final decision on promotion lies with the Chancellor of UMC.
